In 1911 the Legislature adopted what is generally known as the Walsh Act (Chap. 221, Laws 1911), providing for the commission form of government in cities. This Act, (which only applies to municipalities accepting it at an election) provides that it may be so accepted by "cities, towns, boroughs and other municipalities." This left it uncertain whether on the one hand the Act applied to counties and school districts, or whether, on the other hand, it could be accepted by villages and townships. This doubt was set at rest by an amendment adopted by the Legislature at the session of 1912, which amended the title and body of the Act so as to make it applicable to cities, towns, townships, boroughs, villages and municipalities governed by boards of commissioners and improvement commissions, and to these only, so that it is now clear that counties and school districts are not affected. The Act was further amended and supplemented by P. L. 1913, pp. 197, 323 (permitting bonds to be issued without an election), 581, 836, 916 (validating elections on adoption of the Act), P. L. 1914, pp. 170 (providing for preferential voting) and 253 (granting home rule), and P. L. 1915, pp. 92, 145 (validating elections for adoption of Act), 404, 622 (providing for recall). Of the larger municipalities in New Jersey, the cities of Trenton, Passaic, Atlantic City, Jersey City, Long Branch, Hoboken and Bayonne, have accepted the Walsh Act, and while submitted to the voters of a number of other cities, such as Camden, Paterson, Elizabeth and Bayonne, it has been rejected by them. The Walsh Act limited the net bonded debt of cities accepting it to 10% of the assessed valuation of property therein, unless authorized by the voters at a special election. The amendment of 1912 provides that such net bonded debt shall be determined by deducting from the gross bonded debt all water bonds, cash and investments held in sinking funds, and all bonds the payment of which is provided for in the current tax levy, and makes the limit on debt without an election 15% instead of 10% (see "Chronicle" of Jan. 18 1913, page 171).

The home rule amendment of 1914 (known as the "Hennessy Act") attempted to constitute municipalities adopting the Walsh Act a special class of municipalities, and provided that they should not be subject to any laws of the State "except laws applicable to all municipalities of this State other than counties and school districts." The effect of this amendment was to create considerable doubt as to the powers possessed by commission-governed municipalities. In Delaware River Transportation Co. v. City of Trenton, the Hennessy Act was held unconstitutional, upon the ground that it was special legislation, by a decision of Mr. Justice Trenchard of the Supreme Court of New Jersey, rendered on May 22 1914. Justice Trenchard's opinion was affirmed by the Court of Errors and Appeals on July 10 1914. (See "Chronicle" of May 16 1914, page 1499; May 23 1914, page 1629; May 30 1914, page 1654, and July 18 1914, page 212.)

Under the County Act of 1846, as amended, counties are governed by large Boards of Chosen Freeholders, each Freeholder being elected by the municipality, or portion thereof, that he represents. By P. L. 1912, p. 619 (a revision of the so-called Strong Act of 1902) (P. L. 1902, p. 65), counties accepting it at an election have a small board elected at large, consisting of 9, 7, 5 or 3 members, according to population. This Act was amended by P. L. 1913, p. 834, and P. L. 1914, p. 423. P. L. 1912, p. 228, is a similar referendum Act applicable only to counties of the first class (population 200,000). Several counties have already accepted the Strong Act, and as the small board elected at large represents one of the principles of the so-called commission form of government, it has been stated in the press that these counties have accepted the "commission form of government," thus creating the false impression that they had accepted the Walsh Act.

School Districts are governed by the General School Law of 1903, Comp. Stat. of 1910, p. 4724, which provides that every incorporated city, town, township and borough shall be a school district. City school districts are governed by Art. VI of this law, which practically makes the Board of Education a branch of the City Government, and authorizes the issuance of bonds of the City for school purposes to an amount not exceeding 5% of the assessed valuation of the City. School districts in towns, townships and boroughs are governed by the provisions of Art. VII of this law, which provides for the issuance of bonds of such school districts (which are not obligations of the town, township or borough) as the legal voters may direct, without any limitation. The School Law also provides that the voters of any city school district may accept the provisions of Article VII of the School Law, and be governed like a town, township or borough district, and, on the other hand, town, township and borough school districts may accept the provisions of Article VI of the School Law and be governed like a city district. This has been done chiefly by large towns, which found it cumbersome to submit all important matters as to taxation and bond issues to meetings of the voters, and the towns of West Hoboken, Kearny, Montclair and Irvington, and the townships of Weehawken and North Bergen, have accepted and are governed by Art. VI. So far as we are aware, no city has accepted the provisions of Art. VII. The proceedings for the issuance of bonds of all school districts under Art. VII must be submitted to the Attorney-General for his approval before the bonds are issued.

SALE OF BONDS.—By the Act of Apr. 9th 1910, P. L. 1910, p. 347, Comp. Stat. of 1910, p. 3685, all municipal bonds must be sold for not less than par at public sale on ten days' notice, unless the statute under which they are issued expressly authorizes private sale. By an amendment to this Act, passed in 1911 (P. L. 1911, p. 218), the notice must be given by two insertions in a local paper, and private sale to the sinking fund is allowed. The School Law of 1903, the Borough Law of 1897 and the Funding Act of March 23 1899, Comp. Stat. of 1910, p. 3681 (which last Act as amended applies to all municipalities except school districts and counties), expressly authorize private sale, as does the Grade Crossing Act of April 1 1912 and the County Funding Act of the same date which last Act authorizes the funding of floating debt of counties existing Jan. 1 1912. A supplement to the School Law, P. L. 1911, p. 514, prohibits the issuance of school bonds except after public sale on ten days' notice, unless previously offered to and rejected by the School Fund. This Act also requires all School Bonds to be signed, sealed, delivered and paid for in the State of New Jersey, such payment to be made by cash or certified check to the order of the custodian of school moneys, who is the Treasurer of the city, town, township or borough, as the case may be.

TAX EXEMPTION.—By Sec. 3 of the General Tax Act of 1903, Comp. Stat. of 1910, p. 5075, bonds and other securities of the United States and of the State of New Jersey or any County, taxing district or school district of the State are exempt from taxation. This makes all New Jersey municipal bonds tax-exempt in that State.

LIMITATION OF TAX RATE.—Chap. 116, Laws of 1906, limiting the tax rate, was repealed by Chapter 9, Laws of 1914.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. In 1913 the law was further amended to permit investment in certain bonds secured by first mortgage on terminal or dock property. See V. 96, p. 1169. We give below in full the investment sections of the new law.

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

I. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. In the bonds of any county, township, municipality or school district of this State issued pursuant to the authority of any law of this State, *provided*, such county, township, municipality or school district shall not, within the five years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; and *provided further*, the total indebtedness of any borough or village does not exceed 10% of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district or in any interest-bearing obligation issued by the county in which such bank is situated, or by any city, town, township, borough or village in such county.

V. In the bonds of any city or county of any other State of the Union issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and *provided further*, the total indebtedness of any such city or county is limited by law to 10% of its assessed valuation;

VI. In first mortgage bonds issued, guaranteed or assumed by any rail road company which has paid dividends of not less than 4% per annum regularly on its entire capital stock for a period of not less than five years next previous to the purchase of such bonds, or in any consolidated mortgage bonds issued, guaranteed or assumed by any such company authorized to be issued to retire the entire bonded debt of such company, or in the bonds of any railway terminal or dock company of this State, secured by first mortgage on terminal or dock property fronting on the Hudson River and having an assessed value for the purpose of taxation in excess of the amount of the entire issue of bonds, and used and occupied as a dock or terminal by any railroad company now operating in this State.

VII. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed 80% of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, and two members of which committee shall certify in writing to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the bank;

VIII. In real estate strictly in accordance with the following provisions:

(a) A plot whereon is erected, or may be erected, a building or buildings requisite for the convenient transaction of its business, and from portions of which not required for its own use a revenue may be derived; the costs of such building or buildings and lot shall in no case exceed 50% of the net surplus of such bank except with the written approval of the Commissioner of Banking and Insurance; *provided*, the limitations as to the cost of such lot and building contained in this subdivision shall not apply to or affect any such investment heretofore made by a savings bank organized under a special charge

(b) Such as shall have been purchased or acquired by it at sales upon the foreclosure of mortgages owned by such corporation, or upon judgments or decrees obtained or rendered for debts due to it, or in settlements effected to secure such debts, or in satisfaction of such mortgages; and all such real estate shall be sold by such bank within five years after the same shall have been so purchased, unless, upon application by such corporation to the Commissioner of Banking and Insurance, he shall extend the time within which such sale shall be made; the provisions of this section shall apply to all funds of any savings bank, including its reserve fund, and all investments of money and sales and transfers of securities may be made in the manner provided and made lawful in this Act, notwithstanding any provision in any special charter contained limiting the number of trustees or managers who shall act in the investment of moneys and the sale or transfer of stocks or securities.

SECTION 34. No savings bank shall loan the money on deposit with the same, or any part thereof, upon notes, bills of exchange or drafts, except upon the additional pledge of collateral security, which shall be of the same nature and character as those in which the money deposited may be invested as directed in the preceding section, or the capital stocks of national and State banks, or the capital stock or bonds of other corporations of this State which have not defaulted in the payment of interest or dividends, upon the collateral loaned upon, within two years next preceding the time of such loan, and then only to the extent of 80% of the market value of such collaterals; *provided*, the total amount of such loans shall not exceed 15% of the total deposits held by such savings bank.

INVESTMENT OF TRUST FUNDS.—This subject is covered by the Act of May 8 1907, Public Laws 1907, p. 382; Comp. Stat. of 1910, p. 3864, printed in full in "Chronicle" of Nov. 23 1907, p. 1352.

RAHWAY.
This city, of Union County, was declared bankrupt in 1882, and a compromise of the debt, exclusive of the water debt ($185,000), was forthwith agreed to with most of the leading creditors at 35 cents on the dollar. the debt, exclusive of water debt, then amounting to about $1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4%, an agreement having been made in 1890 by which all accrued interest at 7% was adjusted at the 35% rate. Interest on these water bonds is also now promptly paid. Incorporated 1858. Commission government defeated Sept 26 1911 and again Sept. 9 1913.

The above does not include valuation of railroad property. The State make no *general tax*. Income is derived from tax on capital stock, on money at interest, on collateral inheritances, on corporate loans, on bonus on charters, &c., &c.

* A member of the Dept. of Internal Affairs in a letter addressed to us under date of June 2 1914 suggests the following reasons for the great increase in assessed values in 1913:

1. There has been a general movement for increase in assessments for taxation purposes of all coal lands in the State. Coal in place has been tremendously increased in assessments in many counties of the State.

2. The constitution of our State restricts the borrowing possibilityof cties to7%. Recently many of the cities have been close to the limit of the borrowing capacity and have been compelled to increase assessed values very largely. It has been easy to do this as the rule for assessment of real estate throughout the State has been, very generally, to assess real estate at but 50% to 60% of its real value.

DEBT LIMITATION.—In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State constitution.

1. *State Indebtedness.*—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the constitution, and are as follows:

ARTICLE IX, SEC. 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified, and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bond of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

(2) *County and Municipal Indebtedness.*—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected biennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IX, SEC. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation.

[At the Nov. 1911 election the voters adopted an amendment to the above section which allows the city of Philadelphia, in ascertaining its borrowing capacity, to exclude such debt as may be incurred for the construction or development of subways for transit purposes or for the construction of wharves or docks owned or to be owned by the city and which produce revenue sufficient to pay the interest and principal of such debt. V. 93, p. 1547. We print below the lines added to Section 8.

"Except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenue in excess of the interest on said debt or debts and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund for their cancellation shall be established and maintained."

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

At the general election in November 1913 the voters approved an amendment which adds Section 15 to Article IX and provides that no obligations issued by any county or municipality, other than Philadelphia, to provide for the construction or acquisition of water-works, subways, underground railways or street railways, or the appurtenances thereof, shall be considered as a debt of a municipality, within the meaning of Section 8 of Article IX, or of this amendment, if the net revenue derived from said property for a period of 5 years, either before or after the acquisition thereof, or, where the same is constructed by the county or municipality, after the completion thereof, shall have been sufficient to pay interest and sinking fund charges during said period upon said obligations, of if the said obligations shall be secured by liens upon the respective properties, and shall impose no municipal liability. Where municipalities or counties shall issue obligations to provide for the construction of property, as herein provided, said municipalities or counties may also issue obligations to provide for the interest and sinking fund charge accruing thereon until said properties shall have been completed and in operation for a period of one year; and said municipalities and counties shall not be required to levy a tax to pay said interest and sinking fund charges, as required by Section 10, of Article IX, until after said properties shall have been operated by said counties or municipalities during said period of one year. Any of the said municipalities or counties may incur indebtedness in excess of 7%, and not exceeding 10% of the assessed valuation of the taxable property therein, if said increase of indebtedness shall have been assented to by three-fifths of the electors voting at a public election.

TAXATION OF MUNICIPAL AND SCHOOL BONDS.—All bonds issued by municipalities, counties and school districts in Pennsylvania are subject to a State tax of four mills, which is paid by the place issuing the bonds and deducted from the remittance of interest to the bondholder, unless the bonds are issued as "tax-free," when the municipality itself assumes the tax. See V. 92, p. 359.

SCHOOL CODE.—The school laws of this State were codified in the w School Code approved May 18 1911. One of the important provisions ne this law is (Sec. 506) that the Directors of school districts may incur debt and issue bonds "only at the time of assessing and levying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 27 1816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of Nov. 1 1914 shows that the total number of savings banks within the State was only eleven. The aggregate deposits of these banks at that date was $217,087,377 72.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following:

"*Provided also*, that no * * * Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, *except* upon first mortgage or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district, *or any other good and valid securities.*"

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The law follows:

CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may, notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PHILADELPHIA. Rudolph Blankenburg, Mayor; J. M. Walton, City Controller.
Philadelphia, co-extensive with the county of the same name, is the third city of the United States, and has an area of nearly 130 square miles. The city was founded in 1681 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boroughs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be mentioned Germantown, Manayunk, Frankford, Bridesburg, Roxborough, West Philadelphia, Richmond, &c., &c. The county is under city control and has no separate debt. The Penna. Supreme Court, in preliminary opinions handed down Mar. 30 1914 declared illegal the $8,600,000 bonds voted Nov. 1913 (but not yet issued) and enjoined the city from holding an election Mar. 31 1914 to vote on an additional loan of $12,900,000. Subsequently, on April 7 1914, the Court re-opened the cases, principally for the purpose of hearing argument on the constitutionality of the Act of June 17 1913 under which additional personal property ($571,539,535 75) is assessed, thus increasing the taxable property to which the 7% debt limit is applied in fixing the power of the city to increase its indebtedness.
In the final opinions, which were handed down May 12 1914, the Court sustains the constitutionality of the Act in question, but holds at the same time that loans authorized but not issued and the portion of the city's indebtedness assumed by the Board of Education cannot be excluded in determining the city's borrowing capacity. V. 98, p. 1550.

LEGISLATURE meets biennially in odd years on the first Tuesday in January, and pay is limited to 60 days.

HISTORY OF DEBT.—The historical details of Delaware's State debt from 1865 to 1894 will be found in the "State and City Supplement" of April 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities.

INTEREST.—On bonds of 1906 is payable at the office of School Fund Trustee; refunding bonds of 1897 at the Philadelphia National Bank in Philadelphia; on $230,000 4s at the Farmers' Bank of Dover; on Hospital and farm-purchase 4s and 10,000 4s at the Farmers' Bank in Wilmington.

TOTAL DEBT, &c.—The total liabilities on Jan. 11 1915 were $826,785. The assets on Jan. 11 1915 were $2,386,834 80; assets in excess of liabilities, $1,560,049 80. The total assets include bank stocks, $769,622 (market value); mortgages on railroads, $385,000; bonds, $321,785; real estate, $880,000, and cash in treasury, $30,421.

ASSESSED VALUATION.—The total assessed valuation of the State in 1914 was $108,439,104. No tax is levied for general State purposes.

DEBT LIMITATION.—Neither the new constitution (adopted June 4 1897) nor the State statutes contains any general provisions authorizing bond issues or limiting the debt-making power, *except* that the new constitution—

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."

(3) Forbids any corporation (Article 9, Sec. 1) to be created, &c.,by Special Act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," &c.

The above indicates that the authority as regards municipalities [except as already specified in number (2) rests with the General Assembly, and the General Assembly always passes Special Acts to provide for special occasions and needs.

INVESTMENT OF TRUST FUNDS.—Chapter 226 of the Laws of 1909 provides as follows:

Excepting where instruments creating trusts prescribe otherwise, trustees named in wills or appointed by the Chancellor may hereafter invest the funds of their trusts in securities of the following classes and kinds, viz.:

(*a*) Stocks and bonds and interest-bearing obligations of the Unittd States for which the faith and credit of the United States are pledged te provide for the payment of the interest and principal thereof, including the bonds of the District of Columbia;

(*b*) Stocks and bonds and interest-bearing obligations of the State of Delaware and of any other State of the United States, issued pursuant to the authority of the law relating thereto;

(*c*) Stocks and bonds of any county of the State of Delaware and of any county of any State of the United States, issued pursuant to the authority of the law relating thereto;

(*d*) Stocks and bonds of any school district of the State of Delaware, issued for school purposes and pursuant to the authority of the law relating thereto;

(*e*) Stocks and bonds and interest-bearing obligations of any incorporated city or town of the State of Delaware or of any of the States of the United States, issued pursuant to the authority of the law relating thereto, for the payment of which the faith and credit of the municipality issuing the same are pledged;

(*f*) Bonds of either natural persons or corporations, secured by first mortgage on productive real estate, free from prior encumbrances;

(*g*) Bonds of railroads, transportation and public service corporations, secured by mortgage upon the property, plants and systems of such corporations;

(*h*) Collateral trust bonds of railroads, transportation and public service corporations, where the same are secured by guaranteed underlyingstocks (or bonds secured thereby), when no default in the payment of instalments of principal or of interest for more than ninety days after the same has become due, has occurred in connection therewith, within a period of ten days preceding the investment of trust funds therein;

(*i*) Car trust certificates and equipment trust bonds;

(*j*) Underlying securities of railroad, transportation and public service corporations, bearing guaranteed dividends, where no default in dividends has occurred after the guaranty;

(*k*) Such other securities as may be approved by the Chancellor;

By the laws of 1911 this section was amended by inserting a proviso that "the foregoing specification of classes of securities in which trustees may invest the funds of their estates, shall not be construed to relieve said trustees from the duty of exercising due care in the investment of said funds

TAXATION OF BONDS.—Charles S. Richards, Secretary of State, advised us Dec. 18 1911 that "no law has been passed relative to taxation of bonds and notes; therefore they are exempt from taxation."

TOTAL DEBT, SINKING FUND, ETC.—The subjoined statement shows Maryland's total State debt and the sinking fund held by the State against the same on the dates named.

	Sept. 30 '14.	*Sept.* 30 '13.	*Sept.* 30 '12.	*Sept.* 30 '11.
Total funded debt	$19,685,881	$16,685,096	$13,028,096	$10,428,926
Sinking funds, &c	*7,466,305	*8,294,153	*7,201,837	*6,693,850
Net debt	$12,219,576	$8,390,943	$5,826,259	$3,735,076

*The $7,466,305 included in "sinking funds, &c.," on Sept. 30 1914, as above, was composed of $1,500,000 mortgage bonds of the Northern Central Ry. and $5,966,304 54 stocks, bonds and cash in the various sinking funds.

As against the net debt of $12,219,576 Sept. 30 1914, the State had as an offset her unproductive stocks, amounting to $1,272,029 99, and $12,219,576 due from Accounting Officers and Incorporated Institutions.

The receipts of the State for the year ending Sept. 30 1914 amounted to $12,600,566.59; balance in treasury Sept. 30 1913, $1,475,956.78; total, $14,076,523.37; disbursements, $12,999,561.18. The cash balance in the treasury on Sept. 30 1914 amounted to $1,076,962.19.

ASSESSED VALUATION, ETC.—The following table shows the total funded debt, available assets, assessed valuation and tax rate.

DEBT LIMITATION.—There is nothing in the constitution of Maryland limiting the power of the Legislature to authorize bond issues either by the State or by its municipalities, except that in Section 34, Article 3, we find that "the credit of the State shall not in any manner be given, or loaned to, or in aid of, any individual, association or corporation; nor shall the General Assembly, have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto, which shall involve the faith or credit of the State. No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loan with respect to which he may need information.

EXEMPTION FROM TAXATION.—An Act of the Maryland Legislature (Chapter 43, approved March 12 1914, exempts from all taxation for the year 1914) and thereafter, all bonds or other obligations hereafter to be issued by the State or any county, city or municipal corporation, or other political sub-division, and all such securities heretofore issued by any county or municipal corporation which have been sold under terms rendering such county, city or municipal corporation liable for the State tax thereon. The Act was printed in full in V. 99, p. 1238.

SAVINGS BANKS INVESTMENTS.—There are in this State general banking laws under which savings banks may be organized, but a number of the savings institutions have been incorporated under special charter. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposits of money, *which shall be invested or loaned out on good security in the discretion of the directors*, provided that *no part of* the funds of said corporation *shall be loaned to any officer or director* of such corporation.

In a special charter granted to the Germania Savings Bank of Baltimore in 1890, the power to loan the deposits is made a little more definite. The section referring to that subject states that the "corporation shall have power to "borrow money, receive money on deposit, loan money, *taking such securi-* "*ity therefor, either real or personal, as the board of directors may deem* "*sufficient*, provided that *no part* of the funds of said corporation *shall be* "*loaned to an officer or director* thereof."

We cannot discover any marked difference in the two provisions cited except that the enactment in the case of the Germania Savings Bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the general provision, since no limit is made, and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

* Payable on or after this date at option of city.

INTEREST on all Baltimore City stock is payable by check mailed direct to the holder. Checks will be made payable either in New York or Baltimore, at the holder's option.

TAX-EXEMPT.—With the exception of the Western Maryland 1927 loan, the bonds are exempt from State of Maryland taxes. None of the bonds are liable for city taxes.

TAX-EXEMPTION FEATURE FOR CORPORATION PURPOSES ON INVESTMENTS IN CITY LOANS ABOLISHED.—By Chapter 467 of the Laws of 1906, the right of corporations holding investments in stock debt of the City of Baltimore to receive a credit on their taxes to the extent of their investment in such debt is taken away on certain future issues of bonds, even though the city may pay the annual State tax on such debt. The law provides that no credit shall be allowed to any such corporation by reason of any investments in the "stock debt of the city of Baltimore that shall be hereafter issued under the loans authorized by Chapters 274, 338 and 349 of the Acts of the General Assembly of Maryland for 1904, known as the Annex, Park Extensions and Sewer Loans, respectively, or under any other loans that may be hereafter authorized by the General Assembly of Maryland; *provided*, however, that a credit shall be allowed to any such corporation by reason of its ownership of Baltimore City Burnt District Loan Stock, issued under Chapter 468 of the Acts of 1904, the Water Loan issued under Chapter 246 of the Acts of 1902 and the Conduit Loan issued under Chapter 246 of the Acts of 1902, whether heretofore or hereafter issued."

TOTAL DEBT, SINK. FUND, &c.
City of Baltimore, Md.
Dec. 31 1914.

Gross water debt	$12,600,000
Water sinking fund	5,458,699

Total bond. & float. debt	$89,467,679
Total sinking funds	27,853,718
Net gen. & water debt	$61,613,962

* This does not include the $3,000,000 sewer and $1,500,000 highway harbor loans issued Mar. 1 1915.

The city's holdings in the Western Maryland were sold in June 1902 for $8,751,370.45. V. 74, p. 999. The disposition made of this sum was fully given in V. 75, p. 202—$4,263,000 being deposited with several local banks and trust companies for a fixed period of 25 years at 3½% interest, and $65,909.66 invested in city loans, these sums being set aside to meet the Western Maryland bonds for the payment of which the city is responsible. The remainder was deposited at 3½%, subject to withdrawal on 30 days' notice, and was withdrawn after the city's great conflagration in 1904.

Against the net debt of $61,613,962 on Dec. 31 1914, the city reports productive assets amounting to $23,530,412 50.

On Dec. 31 1914, besides the above assets, the city held unproductive assets to the amount of $5,000,000, representing the cost of the new Court House and City Hall. The value of city property, excluding the new Court House and City Hall, was $15,000,000.

District of Columbia.

(INCLUDING THE LATE CORPORATION OF WASHINGTON.)

On July 1 1878 the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds, but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3.65% loan, in 1924. Bonds are tax-exempt.

*The faith of the United States was pledged to secure the payment of the interest on these bonds and to maintain a sinking fund sufficient to redeem them all by maturity. The issue was limited to $15,000,000 and is exempt from taxation by Federal, State or municipal authority. Of the $15,000,000 bonds authorized, $14,997,300 were issued, of which $8,464,300 have been retired to date, leaving $6,533,000 outstanding. The coupon bonds are for $50 and $500 each, the registered bonds $1,000 and $5,000 each.

INTEREST on the bonds is paid at the United States Treasury in Washington and at the Sub-Treasury in New York.

On July 1 1878, when the duties of the Sinking Fund Commissioners of the District were transferred to the Treasurer of the United States, the total debt was $22,106,650.

On Oct. 1 1914, stock and bonds to the amount of $1,080 on which interest has ceased were still outstanding; funds for their payment are deposited in the United States Treasury.

Below we give the figures of assessed valuation of real estate and personal property. The tax rates shown in the tables are those levied on real estate values. The rate of tax on personal property varies, ranging in 1913 from 1½% to as high as 6% on the gross earnings of national banks and trust cos

LEGISLATURE.—The State constitution provides that the Legislature shall meet biennially in even years on the first Monday in January. There is no limit to length of sessions. The requirement being that State elections must be held in even years, this would make it impossible for legislators to convene until the second January after their election. Nevertheless, an amendment for the purpose of relieving this situation by changing the time for convening the Legislature was defeated in 1908; V. 87, p. 1435. (Report of Secretary of State, page 574.) The Legislature in 1910, however, passed an Act providing for the beginning of the regular session on the first Monday in January after members are elected. See V. 91, p. 894. (V. 101, O. L., page 137.) A session held in 1911 under this law was declared legal by the Supreme Court on March 28 1911. See V. 92, p. 673. (V. 83, O. S., page 412.)

HISTORY OF DEBT.—The historical details of Ohio's State debt from 1825 to 1894 will be found in the "State and City Supplement" of April 1894, page 75.

TOTAL DEBT, ETC.—With the exception of $1,665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last $200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was $201,665; in 1901 it was $451,665; in 1900 was $701,665; in 1885, $3,720,229; in 1880, $6,476,805; in 1871, $9,022,721; in 1861, $14,897,273; in 1851, $17, 563,329.

*Property assessed at full value (*see note below*).

State tax (per $1,000) for 1901, $2.89; 1903, 1904 and 1905 was $1.35; for 1906, 1907, 1908, 1909 and 1910, $1.345; 1911, 1912, $0.451; 1913 and 1914, $0.961; 1915, 0.45

In order to raise sufficient revenue under these decreased rates of taxation, assessment of property was generally raised to its full value beginning with 1911.

TAX LIMITATION.—Sec. 5649-2 of the General Code as amended by the Legislature in 1911, and further amended in 1913, provides that, except as otherwise provided in Sections 5649-4 and 5649-5, the aggregate amount of taxes that may be levied on the taxable property in any county, township, city, school district or other taxing district shall not in any one year exceed 10 mills on each dollar of the tax valuation for that year and such levies in addition thereto for sinking fund and interest purposes as may be necessary to provide for any indebtedness *heretofore incurred or any indebtedness that may hereafter be incurred by a vote of the people. The amount of taxable property for purposes of this Act shall be governed by the amount of tax duplicate of the preceding year.

[* The Ohio Supreme Court on Sept. 17 1914 decided that this means prior to June 2 1911.]

Section 5649-5 permits an additional levy up to 5 mills, providing the same is authorized by the voters at the November election.

Section 5649-4 of the General Code provides that for the *emergencies* mentioned in Sections 4450, 4451, 5629, 7419 and 7630-1 a tax may be levied irrespective of the limitations mentioned above.

[At the November 1914 election the voters defeated a constitutional amendment which provided that the tax levy in every taxing district should never be in excess of 10 mills, on every $1 of valuation, exclusive of sinking fund and interest charges, unless increased by vote at a regular or general election.]

COINCIDENTAL TAX AMENDMENT. Section 2 of Article XII., which took effect Jan. 1 1913, requires the taxing authority of any political subdivision of the State proposing to issue bonds to provide at the time the issue of bonds is authorized for levying and collecting annually by taxation an amount sufficient to pay the interest on the bonds proposed to be issued and to provide for their final redemption at maturity. See V. 98, p. 704, for Supreme Court decision concerning this section.

TAXATION OF MUNICIPAL BONDS.—State and municipal bonds issued since Jan. 1 1913 are taxable under Sec. 2 of Article XII of the State constitution. Issues made prior to Jan. 1 1913 are exempt from taxation. A constitutional amendment exempting from taxation municipal bonds issued subsequent to Jan. 1 1916 will be voted upon in Nov. 1916.

DEBT LIMITATION.—*FIRST, As to the State's power to contract debt*, this is regulated under the first five sections of Article 8 of the constitution. We insert these five sections in full.

SECTION 1. (*Debt Limited to Seven Hundred and Fifty Thousand Dollars.*) The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one of more Acts of the General Assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

SECTION 2. (*Additional and for What Purpose.*) In addition to the above limited power, the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. (*The State to Create No Other Debt.*) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. (*Credit of State; the State Shall Not Become Joint Owner or Stockholder.*) The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

SECTION 5. (*No Assumption of Debts by the State.*) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

The foregoing sections complete the limitation as to State debt and credit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sinking funds referred to in Section 2 above. But they need not be published here.

SECOND, As to Cities, Towns, Counties, &c., so far as the constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, SECTION 6. (*Counties, Cities, Towns or Townships Not Authorized to Become Stockholders, &c.*) No laws shall be passed authorizing any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint-stock company, corporation or association whatever, or to raise money for, or loan its credit to, or in aid of any such company, corporation or association: *provided, that nothing in this section shall prevent the insuring of public buildings or property in mutual insurance associations or companies. Laws may be passed providing for the regulation of all rates charged by any insurance company, corporation or association organized under the laws of this State or doing any insurance business in this State for profit.* [That part of the above section given in italics was added by an amendment adopted Sept. 3 1912. V. 95, p. 766.]

ARTICLE 13, SECTION 1. (*Corporate Powers.*) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (*Corporations—How Formed.*) Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed

SECTION 6. (*Organization of Cities, &c.*) The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker *vs.* The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class" authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that Act purports to give. Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language of the section, it is quite evident that it *was not intended to prohibit the construction of railroads nor indeed to prohibit any species of public improvements*. The section contains no direct reference to railroads "nor to any other special classes of improvements or enterprises. The "inhibitions are directed only against a particular manner or means by "which under the constitution of 1802 many public improvements had "been accomplished."

In compliance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets. Then cities were divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the purpose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and subsequently upheld by the State Supreme Court. This Act amends Section 2835, 2836 and 2837, Revised Statutes of Ohio, relating to the issuance of bonds by cities, villages and other municipal corporations. Under the new law the municipal boards of legislation, councils, &c., may by two-thirds vote issue bonds for *certain specified purposes* to the extent of 1% of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bonds issued under this Act in excess of 1% in any one year or in excess of 4% in the aggregate must first be submitted to a vote of the people and carried by two-thirds of those voting on the proposition; but a net debt (bonds less sinking fund) of more than 8% in the aggregate cannot be authorized in any event. The Act as amended in 1906 will be found in the "Chronicle" May 26 1906, page 1224. In May 1910 the law was further amended so as to limit the bonding power of townships and municipal corporations to 5%, instead of 8%, of the tax duplicate. This was done by amending Sections 3942, 3945, 3948 and 3954 of the General Code, making them read as follows:

Sec. 3942. The net indebtedness incurred by any township or municipal corporation for the purposes mentioned in sections 3295 and 3939 of the General Code shall never exceed 2½% of the total value of all the property in such corporation or township, as listed and assessed for taxation, unless the excess of such amount is authorized by vote of the qualified electors of the township or corporation in the manner hereinafter provided.

Sec. 3945. Such limitation of 1% and 2½% hereinbefore prescribed shall not affect bonds lawfully issued for such purposes upon the approval of the electors of the township or corporation.

Sec. 3948. Before any bonds in excess of such limitations of 1% and 2½% are issued and tax levied, the question of issuing them shall be submitted to the voters of the township or corporation at a general or special election.

Sec. 3954. No municipal corporation or township shall create or incur a net indebtedness under the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. Bonds issued in good faith for such purposes which at the time of issue were within the limitations existing at the time of such issue shall be valid obligations of the township or municipal corporation which issued them. In ascertaining the limitations of such 5% and of such 2½%, all such bonds shall be considered except those specifically excluded by Section 3946 of the General Code.

The new law was to have taken effect Jan. 1 1911, but as many cities complained that they could not raise funds for necessary improvements by applying the new rates upon the tax duplicate as it stood on Jan. 1, a bill was passed suspending the operation of the Act of 1910 until Oct. 1 1911. See V. 92, p. 673.

Note.—Some doubts having arisen as to whether old bonds as well as "Longworth" bonds should be counted in figuring the 8% debt limit, a suit was brought and the State Supreme Court in May 1906 held that only such bonds as may have been issued subsequent to the enactment of the "Longworth" bill should be counted in considering the 8% limit provided for in that Act. V. 82, p. 1114. Furthermore, in the amended law of 1906, it is expressly provided that the 8% limit shall apply only to the bonds issued subsequent to the enactment of this Act.

[The Snyder Act, an emergency measure passed by the Legislature April 10 1913, permits the issuance of bonds to repair damage done by the floods of March and April, such bonds *not* to be counted in ascertaining any of the limitations of Sections 3939 to 3954-1 incl. of the General Code. The Act was printed in full in V. 96, p. 1714.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS —The provisions of the law defining securities in which savings banks in this State may invest their funds are contained in Sections 9765 and 9758 of the General Code. These sections read as follows:

Sec. 9765. A savings bank may invest the residue of its funds in, or loan money on, discount, buy, sell or assign promissory notes, drafts, bills of exchange and other evidences of debt, and also invest its capital, surplus and deposits in, and buy and sell, the following:

a. The securities mentioned in Section 9758 [we give Section 9758 below], subject to the limitations and restrictions therein contained, except that savings banks may loan not more than 75% of the amount of the paid-in capital, surplus and deposits on notes secured by mortgage on real estate. But all loans made upon personal security shall be upon notes with two or more signers, or one or more indorsers, payable and to be paid at a time not exceeding six months from the date thereof. In the aggregate not exceeding 30% of the capital, surplus and deposits of a savings bank shall be so invested.

b. Stocks which have paid dividends for five consecutive years next prior to the investment, bonds and promissory notes of corporations, when this is authorized by an affirmative vote of a majority of the board of directors or by the executive committee of such savings bank. No purchase or investment shall be made in the stock of any other corporation organized or doing business under the provisions of this chapter. The Superintendent of Banks may order any such securities which he deems undesirable to be sold within six months.

c. Promissory notes of individuals, firms or corporations, when secured by a sufficient pledge of collateral approved by the directors, subject to the provisions of sections 9754 and 9755 (99 v. 282, Sec. 57).

[*Note.*—Section 9754 mentioned above limits the amount to be loaned by a commercial bank, including overdrafts, to any one person, firm or corporation to 20% of its paid-in capital and surplus, unless such loan is secured by first mortgage upon improved farm property in a sum not exceeding 60% of its value. It is further provided that the total liabilities, including overdrafts, of a person, company, corporation or firm to any bank, either as principal debtor or as security or indorser for others, for money borrowed, shall not exceed 20% of its paid-in capital stock and surplus. The discount of bills of exchange drawn against actually existing values and the discount of commercial or business paper actually owned by the person, company, corporation or firm negotiating it, shall not be considered as money borrowed. Section 9755, also mentioned above, stipulates that the deposits of funds in a bank or trust company not duly designated as a depository by the board of directors shall be held to be a loan within the meaning of Section 9754.]

Sec. 9758. Subject to the provisions of the preceding section (Sec. 9757), commercial banks may invest their capital, surplus and deposits in or loan them upon:

a. Personal or collateral securities.

b. Bonds or other interest-bearing obligations of the United States or those for which the faith of the United States is pledged to provide payment of the interest and principal, including bonds of the District of Columbia; also in bonds or other interest-bearing obligations of any foreign government.

c. Bonds or interest-bearing obligations of this or any other State of the United States.

d. The legally issued bonds or interest-bearing obligations of any city, village, county, township, school district or other district or political subdivision of this or any other State or Territory of the United States and of Canada.

e. Mortgage bonds or collateral trust bonds of any regularly incorporated company which has paid, for at least four years, dividends at the rate of at least 4% on their capital stock. Such loan shall not exceed 80% of the market or actual value of such bonds, the purchase of which first has been authorized by the directors. The Superintendent of Banks may order that any such securities which he deems undesirable be sold within six months.

f. Notes secured by mortgage on real estate, where the amount loaned thereon, inclusive of prior encumbrances, does not exceed 40% of the value of the real estate if unimproved, and if improved 60% of its value, including improvements, which shall be kept adequately insured. Not more than 50% of the amount of the paid-in capital, surplus and deposits of such bank at any time shall be invested in such real estate securities (99 v. 280, Sec. 50.)

CITIES, COUNTIES AND TOWNS IN THE STATE OF OHIO.

[In the following statements of debt we report in detail only those bonds which are a general obligation of the place issuing the same. Lack of space prevents our giving a description of the numerous issues of assessment bonds—that is, bonds payable by assessment against the particular piece of property benefited.]

Note.—For places not given in alphabetical order among the following statements, see "Additional Statements" at end of this State.

CINCINNATI.
Henry T. Hunt, Mayor; Ira D. Washburn, Aud.; C. T. Greve, Sec. Sinking Fund Trustees.
Cincinnati is situated in Hamilton County. Founded in 1789; incorporated as a town Jan. 1 1802 and as a city Feb. 5 1819. The following villages have since been annexed:
Avondale, Clifton, Linwood, Riverside, Westwood, Hyde Park, Evanston, Bond Hill, Winton Place, Delhi, College Hill, Saylor Park, Carthage, Madisonville, Mt. Airy, Mt. Washington, Pleasant Ridge, Oakley, Hartwell, Fernbank and Kennedy Heights. A proposition to annex Elmwood Place was also favored by the voters of Cincinnati on Nov. 5 1912, but was defeated by the village itself. Bonds marked thus—sf—are held in sinking fund.

CITY PROPERTY.—The city owns the Cincinnati Southern RR. The rental received for the road was (under the old lease) $1,090,000 till 1901 and then $1,250,000 till 1906. The old lease expired in 1906, and in 1898 legislation was secured under which, on June 7 1902, the lease was modified and extended to Oct. 12 1966 at an annual rental of $1,050,000 for the first 20 years, $1,100,000 for the second and $1,200,000 for the remaining 20 years. At the time of the extension, there remained of the original term four years, the rental of which was so modified that the sum of $200,000 thereof per annum was extended and made payable at the rate of $40,000 per annum, with 3% interest on the remaining deferred payment until fully paid. The legislation under which the lease was extended also provided for the issuance of $2,500,000 bonds of the city by the trustees of the railway for terminal facilities and permanent betterments, upon the lessee agreeing to pay an additional rental equal to the annual interest thereon and 1% per annum for a sinking fund for the final redemption of the bonds. Legislation has since been secured under which there have already been issued $200,000 in bonds also known as terminal facilities and permanent betterments bonds, and a similar provision has been made for the payment of sinking fund and interest by the leasing company.

TOLEDO.
Amos McDonnall, Aud.; H. De Witt Hopkins, Sec. Sk. Fd. Trustees.
Toledo is situated in Lucas County. Incorp. Jan. 7 1837. All bonds are originally issued in coupon form and registration occurs at pleasure of holder. An election held Aug. 4 1914 resulted in favor of issuing $8,000,000 bonds for purchase of Toledo Rys. & Light Co. A new city charter was adopted by the voters Nov. 3 1914.

LEGISLATURE meets biennially in odd years on the Thursday after the first Monday in January, and sessions are limited to sixty-one days.

HISTORY OF DEBT.—The historical details of Indiana's State debt from 1832 up to 1894 will be found in the "State and City Supplement" of April 1894, pages 85 and 86. The details of the State's outstanding obligations are as follows:

DOMESTIC DEBT—NON-NEGOTIABLE.

ASSESSED VALUATION.—The following table shows the total valuation of real and personal property, including railroad and other property; also the State tax rate (per $1,000) *for the general fund* for the years indicated. By an Act of the Legislature of 1905 the General Fund tax was fixed at $1.20 per $1,000 for each of the years 1905, 1906, 1907, and 90 cents per $1,000 annually thereafter; the law also stopped levy for sinking fund until 1908, when it was again resumed.

Years—	Valuation.	State tax.	Years—	Valuation.	State tax.
1914	$1,939,876,166	$0.70	1904	1,543,000,000	0.90

1905	1,597,560,087	1.20			

The total tax rate (per $1,000) for 1913 was $3.91, including Benevolent Institution tax $1.00, school tax $1.36, State Debt Sinking Fund tax $0.15 and Educational Institution tax $0.70, in addition to the general fund tax of $0.70 as given above.

DEBT LIMITATION.—In the present constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever."

SECOND, as to municipalities, the provision contained in the constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we give the article in full below.

LIMITED—EXCESS VOID.—No political or municipa corporation in this State shall ever become indebteded in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Provided*, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporaoration, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder *beyond the 2% limit*, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the constitution. (See editorial in "State and City Supplement" for October 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company, nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5377, Burns's Annotated Statutes, revision 1901), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the constitution), though by the succeeding section (Section 5378) cities are given authority to issue such bonds.

COUNTIES are apparently restricted by statute to a lower than the constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 5991 of Burns's Annotated Statutes, 1914, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 6094 it appears, moreover, that whenever the *aggregate* indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding year.

Limit of 1% may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1914, Section 6092); also for temporary loans (see Burns's Revised Statutes, 1914, Section 6094).

Also the limit of 2% may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 7725a) is 4%.

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the constitutional limit of 2% on valuation. But we have not the space to set out here the details or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as waterworks, &c.

CONSTITUTION ACT OF 1911 DECLARED VOID.—An Act of the Legislature approved by the Governor on March 4 1911, providing for the submission to a vote of the people of a proposed new State constitution, in the view that it might be considered as a series of amendments to the existing constitution, was declared unconstitutional. V. 93, p. 893; V. 95, p. 126. 1143. U. S. Supreme Court denied a petition for a writ of error on Dec. 1 1913. V. 97. p. 1676; V. 95. p. 1485.

GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition signed by fifty or more freeholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 30,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a clerical error, and the Court on Jan. 25 1910 reversed itself and upheld the contention that the word "includes" should be read "including", thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

SECTION 1. Be it enacted by the General Assembly of th State of Indiana, That all bonds, notes and other evidences of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county or township for the construction of free gravel or macadamized roads, and which bear not higher than 4½% interest, shall be exempt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be it enacted by the General Assembly of the State of Indiana that all bonds hereafter authorized by any county or township in the State of Indiana, for the purpose of building, constructing and paying for the construction of any free gravel, macadamized or other improved roads, shall be exempt from taxation; Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½%) per cent interest per annum, payable semi-annually.

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the "State and City Supplement" of April 1894, page 91.

BONDED DEBT.—This State has no bonded debt except $17,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for State purposes (per $1,000) for 1914 was $4.80.

*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. x Property now assessed at 1-3 true value instead of 1-5—see remarks below.

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provided that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1909 which provides for the assessment of property at one-third of the actual value. The new basis of assessment went into effect in 1909, with the result that values for that year show large increases while the tax rates are decreased correspondingly.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the constitution of 1818. The constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to $50,000 the power of the Legislature to create State debt, except in case of war, invasion, &c., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

First, as to the State, the provisions are not very unlike the provisions of the constitution of 1848, except that as to the limit for casual deficits and failures of revenue, the aggregate which can be created is very properly raised to $250,000. But with that exception and with the further exception for the purpose of repelling invasion, &c., no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 constitution. The sections which cover these matters are as follows: we omit the first portion of Section 18 of Article IV, which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * * *Provided*, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate $250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt, except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election. The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same; and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax shall be irrepealable until such debt be paid; *And provided further*, that the law levying the tax shall be submitted to the people with the law authorizing the debt to be contracted.

SECTION 20. The State shall never pay, assume or become responsible for debts of liabilities of, or in any manner give, loan or extend its credit to or in aid of, any public or other corporation, association or individual.

CANAL BONDS.—At the general election in November 1908 the people by a vote of 692,522 "for" to 195,177 "against" adopted an amendment to the State constitution which provides for the issuance of not exceeding $20,000,000 bonds, to construct a deep waterway or canal, and to erect, equip and maintain power plants, locks, bridges, dams and appliances suitable for the development and utilization of the water power. See V 85, p. 1289 and V, 87, p. 1372. No action has yet been taken to avail of this amendment, and on Oct. 25 1911 the Illinois House of Representatives defeated a bill for the appointment of a deep waterway commission and for obtaining water-power sites between Lockport and Utica. See V. 93, p. 1211.

SECOND, municipal indebtedness is regulated only in the constitution of 1870. In that instrument the subject is dealt with in all its phases. *First* is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. *Second* is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. *Third* is the broad and general provision, Section 12, Article 9, which limits the indebtedness of all municipalities to 5% "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district or other public corporation shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university or other literary or scientific institution controlled by any church or sectarian denomination whatever: nor shall any grant or donation of land, money or other personal property ever be made by the State or any such public corporation to any church or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficent to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district or other municipal corporation from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this constitution in pursuance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads, &c.] No county, city, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation; *provided, however*, that the Adoption of this Article shall not be construed as affecting the right of any such municipality to make such subscriptions where the same have been authorized under existing laws by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5% is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for waterworks, &c., and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½% of the assessed value, but Jan. 12 1900 the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74, p. 741, throws some light on these changes.

TAXATION OF MUNICIPAL BONDS.—J. S. McCullough, State Auditor, advised us under date of Dec. 11 1911 that there is no law exempting from taxation bonds, notes or other evidences of indebtedness issued by the State or any of its municipalities.

INVESTMENT OF TRUST FUNDS.—Chapter 140B of the Revised Statutes of 1911 provides that: Investments of trust funds by trustees may, when not otherwise provided by the will, deed, decree, gift, grant, or other instrument creating or fixing the respective trust, be in the bonds of the United States, or of any of the States of the United States, or in the first mortgages upon real estate in any State, or in the bonds of any county, city or municipality in any State, or in the first mortgage bonds of *any* corporation of *any* State upon which no default in payment of interest shall have occurred, for a period of five years, but no trustee shall be authorized by this act to invest trust funds in any bonds in which cautious and intelligent persons do not invest their own money, and any trustee may continue to hold any investment received by him under the trust, or any increase thereof.

BUSSE BOND BILLS.—The Legislature of 1909 passed aseries of bills, known as the Busse Bond Bills, which enlarge the leeway for the creation of debt by the various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decreas [illegible]mad the maximum rate of taxation.

The amendments to the tax law providing for a decrease in the maximum rate of taxation mentioned above were held constitutiona b the State Supreme Court in January 1910. See V. 90, p. 387.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 session the Legislature also passed the Jones referendum bill, which provide that all bond issues, excepting those for refunding purposes, must be submitted to a vote and ratified by a majority of those voting on the proposition.

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water-Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded. V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in installments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, &c., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shal become liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in Hurd's Revised Statutes of of Illinois, the 1911 edition, pages 345, 346 and 347.

CHICAGO. Wm. Hale Thompson, Mayor; Eugene R. Pike, Compt.; Louis E. Gosselin, Dep. Compt.
This city is in Cook County. Incorp. Mch. 4 1837; reincorp. Apr. 23 1875. City on Apr. 5 1904 voted in favor of municipal ownership of street railways (V. 78, p. 1408). At election held Apr. 3 1906 propositions for the ownership of street railways and for the issuance of $75,000,000 street railway certificates carried, while the proposition for municipal *operation* of street railways failed. V. 82, p. 824. In a decision handed down in the Circuit Court on Sept. 15 1906 the legality of these certificates was upheld. The case was taken to the Supreme Court (V. 83, p. 712), and by a decision handed down Apr. 18 1907 the certificates were declared invalid. V. 84, p. 949 and 967. At the April 1907 election ordinances granting franchises to the present street railways were ratified by a vote of the people. V. 84, p. 826.

Sec. of State (term exp. Dec. 31 '16)----Coleman C. Vaughan
Treasurer (term expires Dec. 31 1914)------John W. Haarer

LEGISLATURE meets biennially in odd years the first Wednesday in January, and there is no limit to the length of session, excepting special sessions, in attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and City Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at $3,880,399 and $1,450,472 additional "trust fund debt." The State has no bonded debt at present. The "trust fund debt" on June 30 1914 amounted to $6,901,116.99. The term "trust fund debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes.

Year.	Equalized Val.	Tax Rate.	Year.	Equalized Val.	Tax Rate.
1911	$2,288,000,000	$2.85	1876	$630,000,000	$1.144
1906	1,734,100,000	1.95	1866	307,965,843	1.889
1896	1,105,100,000	1.871	1856	137,663,009	0.472
1886	945,450,000	1.272	1846	29,369,065	2.50

In 1914 the assessed valuation of real estate and personal property was $2,712,135,196. Tax rate (per $1,000), $2.19.

POPULATION OF STATE.—

1910	2,810,173	1880	1,636,937	1840	212,267
1904	2,530,016	1870	1,184,059	1830	31,639
1900	2,420,982	1860	749,113	1820	8,896
1890	2,093,889	1850	397,654	1810	4,762

From 1860 to 1870 increase was 434,946, or 58.1%; from 1870 to 1880, 452,878, or 38.25%; from 1880 to 1890, 456,953, or 27.92%. From 1890 to 1900 the increase was 327,092, or 15.6%. From 1900 to 1910 the increase was 389,191, or 16.1%.

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So, to be abreast of the times, instead of putting any limit on the power of the State to create debt, it put into its constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the "proper objects of improvement in relation to roads, canals and navigable "waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be, and this purpose is continued in the new constitution approved by a popular vote on Nov. 3 1908. The provisions of the 1908 constitution concerning the debt-making power of the State are contained in Sections 10, 11, 12, 13 and 14 of Article X. These sections follow:

SECTION 10. The State may contract debts to meet deficits in revenue but such debts shall not be in aggregate at any one time exceed two hundred and fifty thousand dollars. The State may also contract debts to repel invasion, suppress insurrection, defend the State or aid the United States in time of war. The money so raised shall be applied to the purposes for which it is raised or to the payment of the debts contracted.

SECTION 11. No scrip, certificate or other evidence of State indebtedness shall be issued except for such debts as are expressly authorized in the constitution.

SECTION 12. The credit of the State shall not be granted to or in aid of any persons, association or corporation, public or private.

SECTION 13. The State shall not subscribe to nor be interested in the stock of any company, association or corporation.

SECTION 14. The State shall not be a party to, nor be interested in any work of internal improvement, nor engaged in carrying on any such work except in the improvement of, or aiding in the improvement of public wagon roads, in the re-forestration and protection of lands owned by the State and in the expenditure of grants to the State of lands or other property.

The 1908 constitution also provides that counties shall not incur any indebtedness which shall increase their total debt beyond 3% of their assessed valuation. At the general election in Nov. 1910, however, the voters adopted a constitutional amendment to allow counties having an assessed valuation of $5,000,000 or less to create debt up to 5% of this value The vote was 131,147, to 128,729.

Cities and villages are left by the 1908 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 8, Section 20, and is as follows.

SECTION 20. The Legislature shall provide by a general law for the incorporation of cities and by a general law for the incorporation of villages, such general laws shall limit their rate of taxation for municipal purposes and restrict their powers of borrowing money and contracting debts.

Pursuant to Sec. 20, laws providing for the incorporation of cities and villages were passed by the Legislature in 1909.

By Subdivision (i) of Section 26 of Act No. 278 of the Public Acts of 1909 villages are prohibited from incurring debt in excess of 10% of the assessed valuation as shown by the last preceding assessment roll, except that in the case of fire, flood or other calamity, requiring an emergency fund, or for the repair or rebuilding of any of its municipal buildings, works, bridges or streets, a village may borrow an additional amount not exceeding ¼ of 1% of the assessed value; but such debt not to run for more than three years. Moneys on hand in a sinking fund limited to the payment of indebtedness may be deducted in figuring the borrowing capacity. Mortgage bonds to acquire or operate any public utility may be issued beyond the limit of general indebtedness, but such bonds, it is provided, shall be secured only upon the property and revenue of such utility, including a franchise, stating the terms upon which, in case of foreclosure the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure. The rate of tax which villages may levy for municipal purposes is limited by subdivision (j) of Sec. 26 to 2% of the assessed valuation. Subdivision (k) says that no village shall have power to issue any bonds without creating a sinking fund for their payment, except special assessment bonds, which are a charge upon a special district created for the payment thereof, and serial bonds payable annually.

The borrowing powers of cities are regulated by subdivision (b) of Sec. 4 of Act No. 279 of the Public Acts of 1909, as amended by Act 203, Public Acts of 1911, and Act No. 5, Public Acts of 1913, known as the "Home Rule" Act [V. 96, p. 1107 & 1507; also V. 98, p. 405]. It is therein provided that each city may in its charter provide for borrowing money in a sum not to exceed 8% of the assessed value except that in cities where the amount which may be borrowed is now limited by law, such limit shall continue until raised or lowered by a 3-5 vote of the electors voting on the question at a general or special election; and in such cities bonds issued for public improvements in connection with which a special assessment district is made to pay therefor, and which are a charge upon such district, shall not be included unless the contrary is provided by the charter, and the resources of the sinking fund shall be deducted in determining the amount of such indebtedness. No single increase shall exceed 2% of the assessed value. When a city is authorized to acquire or operate any public utility, it may, for the purpose of acquiring the same, borrow money on the credit of the city in a sum not to exceed 2% of the assessed value of all of the real and personal property of the city, and the city may also, for the purpose of acquiring such public utility, issue mortgage bonds therefor beyond the general limit of bonded indebtedness prescribed by law: Provided, That such mortgage bonds issued beyond the general limits of bonded indebtedness prescribed by law shall not impose any liability upon such city, but shall be secured only upon the property and revenues of such public utility, including a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure. And provided, further, That the charter shall provide for the creation of a sinking fund by setting aside such percentage of the gross or net earnings of the public utility as may be deemed sufficient for the payment of the mortgage bonds at maturity. In case of fire, flood or other calamity, the legislative body may borrow for the relief of the inhabitants of the city and for the preservation of municipal property, a

sum not to exceed ¼ of 1% of the assessed value, due in not more than three years, even if such loan would cause the indebtedness of the city to exceed the limit fixed in the charter. No city shall have the power to incur indebtedness or issue bonds of any kind except for emergency purposes as above stated, and bonds secured only by mortgage on the property and franchise of a public utility which shall exceed in the aggregate 10% of the assessed value of all the real and personal property in the city. It is also provided that cities now incorporated as fourth-class cities may, while so incorporated, incur indebtedness up to the limits contained in the Act of incorporation.

Subdivision (a) of Section 4 allows cities to levy an annual tax not exceeding 2% of the assessed value.

CONSTITUTIONAL AMENDMENTS.—At an election held April 7 1913 proposed constitutional amendments granting the right of suffrage to women and concerning firemen's pensions were defeated. Three other amendments submitted, including provisions for initiative and referendum in legislative matters, initiative and referendum on constitutional amendments and recall of elective officers (excepting judges of courts of record), carried. V. 96, p. 1311.

EXEMPT FROM TAXATION.—An Act of the Legislature approved May 13 1909 provides that bonds hereafter issued by any county, township, city, village or school district in the State of Michigan shall be exempt from all taxation. V. 88, p. 1452.

TAX ON SECURED DEBTS.—The 1913 Legislature passed an Act (No. 142) providing that by the payment of a specific tax of ½%, "secured debts" may be exempted from the payment of further general taxes. In 1915 this law was amended so as to exempt municipal bonds issued by places outside the States upon the payment of a similar tax. See "Chronicle" of May 29 1915, State & City Department.

SAVINGS BANK INVESTMENTS—The law governing investments by Michigan savings banks as amended in 1913 was printed in full in the "Chronicle" of May 24 1913, page 1507.

DETROIT.

Detroit is situated in Wayne Co. Incorp. in 1806. Woodmere (population 4,474) annexed April 1 1906. The question of annexation of Highland Park was defeated Nov. 8 1910. V. 91, p. 1342. In a decision rendered Feb. 16 1912 the State Supreme Court held that the Board of Education and the Library Commission are corporations separate from the city and

DETROIT (*Concluded*).
therefore their bond issues should not be included in the 2% limit of indebtedness for municipal purposes specified in the city charter. V. 94, p. 575.
At an election held April 7 1913, under the Home Rule Act mentioned on a preceding page, a charter amendment was adopted authorizing the city to acquire by purchase, condemnation or construction and to own and operate street railways and to provide the cost thereof by an issue of city bonds to the amount of 2% of the assessed valuation and other bonds upon the property and revenues of the street railway. At the same time amendments were also ratified increasing the city's general bonding limit from 2 to 4% and authorizing the board of water commissioners to issue $2,000,000 bonds in excess of the present debt of the board. V. 96, p. 1107 and 1,507 An entirely new charter, embodying, among other things, the municipal ownership amendment adopted Apr. 7 1913, was submitted to a vote Feb. 10 1914 but failed to carry [V. 98, p. 538]. Charter was amended at Nov. 3 1914 election so as to permit future bond issues at not exceeding 5% int., instead of 4% as heretofore.

Secretary of State (1st Mon. Jan. 1917) ---John S. Donald
Treasurer (1st Monday Jan. 1917)---Henry Johnson

LEGISLATURE meets biennually in odd years on the second Wednesday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—A brief summary of the early history of the Wisconsin debt will be found in the "State and City Supplement" for April 1895.

The bonded debt of the State, created for war purposes in 1861-63, has all been paid or else converted into certificates of indebtedness, which are held by the various trust funds. The amounts due the several funds on March 1915 were as follows:

Certificates of indebtedness,	School Fund	$1,563,700
" "	Normal School Fund	515,700
" "	University Fund	111,000
" "	Agricultural College Fund	60,600
Total		$2,251,000

ASSESSED VALUATION.—The total assessed valuation of the state as determined by the State Board of Assessment, and the tax rate for State purposes, have been as follows for the years named below:

Year.	Real Estate. $	Personal Property. $	Total Valuation. $	State Tax Rate (per M) $	Taxes Raised. $
1914	2,592,983,150	580,006,004	3,172,989,154	1.6933	5,372,363

1900	503,690,767	126,309,232	630,000,000	2.1354	1,345,570
1895	482,799,128	120,674,398	603,473,526	2.2746	1,372,713
1890	464,782,237	128,108,482	592,890,719	1.5040	891,660
1880	344,788,721	94,183,030	438,971,751	1.5081	662,059

*The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the existing law to be a command to assess at *full value*, whereas former boards did not so construe the Act.

DEBT LIMITATION.—The constitutional provision of Wisconsin restricting debt- making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and, after, those which have reference to cities, &c.

(1) *STATE indebtedness is confined within* very close bounds. The sections which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. *Credit of State, for what not given.* The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. *Contracting Debts.* The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. *Limitation on Public Debt.* For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed $100,000). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest, and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. *State may borrow money, when.* The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized or to the payment of the debt thereby created.

SECTION 9. *Evidences of debt.* No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. *Internal improvements—avails of grants.* The State shall never contract any debt for works of internal improvement or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State especially dedicated by the grant to particular works of internal improvement, the State may carry on such particular works and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion. Provided that the State may appropriate moneys for the purpose of acquiring, preserving and developing the water power and forests of the State; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last preceding State assessment.

(2) *CITIES, counties, towns, villages, &c.*, were unrestricted except by legislative enactment until 1874. Since that amendment was adopted 5% on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before, or at the time when it incurs any indebtedness, to make provision for an annual tax sufficicient to pay the interest and also sufficient to pay the principal within 20 years from the time of contracting the debt. The voters in Nov. 1912 adopted an amendment to Section 3 of Article XI. extending the time to fifty years within which cities or counties having a population of 150,000 or over shall pay debts incurred for the acquisition of land. The section referred to now reads as follows:

Section 3, Article XI.—"It shall be the duty of the Legislature, and they are hereby empowered to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and taxation, and in contracting debts by such municipal corporations."

"No county, city, town, village, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, town, village, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same, except that when such indebtedness is incurred in the acquisition of lands by cities, or by counties having a population of one hundred and fifty thousand or over, for public, municipal purposes or for the permanent improvement thereof, the city or county incurring the same shall, before or at the time of so doing, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within the period not exceeding fifty years from the time of contracting the same."

The Legislature has from time to time passed laws providing for the issuance of bonds for various specified purposes, but these laws are too numerous to be given here. *Such authority is of course subject to the foregoing provisions of the constitution.*

BONDS TAX FREE.—The 1911 Legislature passed a law exempting from taxation all bonds hereafter issued by municipalities. V. 93, p. 607.

State of Minnesota.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act March 3 1849) March 3 1849
Admitted as a State (Act Feb. 26 1857) May 11 1858
Total Area of State (square miles) 83,365
State Capital St. Paul
Governor (term expires 1st Mon. Jan.1917) W. S. Hammond
Secretary of State (1st Mon. Jan. 1917) Julius A. Schmahl
Treasurer (1st Monday Jan. 1917) Walter J. Smith
Auditor (1st Monday Jan. 1917) J. A. O. Preus

LEGISLATURE meets biennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to ninety days.

HISTORY OF DEBT.—For the early history of Minnesota's debt see "State and City Supplement," April 1893, page 103. The State has no *bonded debt*, but certificates of indebtedness have been authorized by the Legislature for various purposes. Many are held by the school and other State funds. They run only a few years. The certificate debt Dec. 1 1914 was as follows: $1,125,500 prison buildings; $51,000 inebriate hospital; $221,000 educational buildings; $120,000 national guard armories and $125,000 Itasca Park. Of the total ($1,642,500), $542,000 are held by State funds.

Payment of the above certificates are all provided for by special tax levies except the inebriate hospital certificates, which are payable from the income from the 2% received from liquor licenses issued by local municipalities.

INTEREST on all certificates, with the exception of the hospital certificates, is payable at State Treasurer's office.

PERMANENT SCHOOL FUND.—The school fund on July 31 1914 amounted to $24,668,248 59, including $127,775,85 in cash, $6,038,043 48 in land contracts and $18,502,429 26 inbonds. The permanent university fund on July 31 1914 amounted to $1,605,356 62; swamp land fund to $4,292,789 37 and the internal improvement land fund to $357,601 57.

TAXABLE VALUATION.—The taxable valuation, total tax levied and the rate of State tax have been as follows for the years named:

	Taxable Valuation			*Tot. Taxes Levied.*	*State tax per $1,000*
	Real.	*Personal.*	*Total.*		
1914	$1,264,638,014	$222,901,827	*x*1,487,539,841	----------	----

1870	67,221,148	19,912,525	87,133,673	2,783,756	5.00
1861	33,350,057	5,914,683	39,264,740	658,358	4.00

x This is exclusive of $196,173,719, representing moneys and credits, which are assessed at their full cash value.

*The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1913 it was $3.80; adding the tax of $1.23 for school and university purposes, the total tax rate was $5.03.

ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature in 1913 passed a new law, known as Chapter II., General Statutes, 1913, under which the county assessor assesses platted real estate at 40% of its full value and unplatted at 33 1-3%, where heretofore it was customary to assess real property at 60% of its full valuation and any improvement thereon at 50%. The personal property under this new law is now being assessed at 33 1-3% and 25% of its full valuation, where formerly about 50% was assessed.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its constitution puts on every kind of debt-making. That instrument fixes the limit at $250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment, ratified in 1879, extended this power to $250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind

asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the constitution which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5.—(*Public Debt May Be Contracted.*)—For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax annually sufficient to pay the annual interest on such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or dimished until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvements, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes, and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

SECTION 6.—(*Bonds for Public Debt.*)—All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer, in numerical order, so as always to exhibit the number and amount unpaid, and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(*Application of Loans.*)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(*Public Debt for State Buildings.*)—For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State, and appropriate the money only for the purpose aforesaid, which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(*Municipal Debts in Aid of Railroads.*)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to *ten per cent* of valuation. Hence the amendment consisted in simply changing the word *ten* and making it *five*.

This is all the constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues which we have not the space to give here.

DRAINAGE BONDS DIRECT OBLIGATIONS OF COUNTY.—The State Supreme Court holds that drainage bonds issued under Sec. 18, Chapter 230, of the general laws of 1905 as amended, are direct and general obligations of the county issuing the same. V. 94, p. 365.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law, which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on or after April 30 1907. The full text of this law will be found on page 1194 of the 'Chronicle" of May 18 1907.

TAXATION OF MONEY AND CREDITS.—In 1911 the Legislature passed a bill (Chapter 285) levying a tax of 3 mills on each dollar of th "fair cash value" of "money" and "credits" as the same are defined in Sec. 798, Revised Laws of 1905. It is provided, however, that nothing in the Act shall apply to money or credits belonging to any incorporated bank in Minnesota nor to any debt on which the tax is paid under Chap. 328, Gen. Laws of 1907 (mortgage tax law, referred to above). Section 798 of the Revised Statutes defining moneys and credits was given in the State and City Section for Nov. 1913, page 115.

SAVINGS BANK INVESTMENTS.—The law relating to the investment of savings banks will be found in full on page 1274 of the "Chronicle" Nov. 4 1911. For amendments made in 1913, see "Chronicle" of May 24' 1913, page 1508. No amendments were passed at the 1915 session of the Legislature.

BONDS TAX-FREE.—The 1911 Legislature passed a bill exempting all future State, county, school and municipal bonds from tax. V.92,p.1263.

PAR VALUE OF BONDS.—The bonds are mostly for $1,000.

INT. is payable at the United States Mtge. & Trust Co., N. Y. City.

TOTAL DEBT, SINK. FDS., &c.	*May* 6 '15.	*Sept.* 30 '14.
	$	$
Bonded debt	23,104,214	21,987,200
Sinking funds	3,887,339	3,923,630
Net debt	19,216,875	18,063,570
Water dt. incl.	2,620,000	2,650,000

The bonded debt as given above includes the new City Hall and Court-House certificates, for the payment of which a special tax is levied each year. These on May 6 1915 amounted to $475,000.

SINKING FUND.—It is provided by the city's charter that in addition to raising a tax sufficient to pay the interest on all its bonds, the city shall levy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "declared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In accordance with this provision there was raised by taxation for the sinking fund in 1914 (to be collected in 1915) $196,303 30. The sinking fund is largely invested in city bonds.

The city of Minneapolis is restricted in its debt-making power to 5% of the assessed valuation after deducting the sinking fund from the debt; but debt created for waterworks shall be considered outside of the 5% limit, and also an additional 5% debt may be created for certain purposes, provided the same be authorized by a two-thirds vote of the people. We have marked above with a section (§) those issues put out in excess of the 5% limit.

WATER RECEIPTS.—The revenue from water rents, &c., in 1914 was $488,000; current expenses for water-works in 1914 were (est.) $268,000.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation and tax rate have been:

Years—	*Valuation.*	*Tax Rate per* $1,000
Dec. 31 1914	$196,303,280	$35.77
Dec. 31 1913	219,669,533	35.76

Under the "biennial election" amendment adopted in 1904, the General Assembly meets biennially in odd years on the second Monday in January There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—Iowa has no bonded debt. On Dec. 31 1914 there were $162,324 83 warrants outstanding and the State had cash in the general revenue fund amounting to $182,079 51. The Permanent School Fund on Dec. 31 1914 aggregated $4,811,080 39.

During Dec. 1913 and the early part of 1914 the State disposed of $675,000 5% certificates, the proceeds of which are to be used for the extension of the Capitol grounds.

EQUALIZED VALUATION.—The equalized assessed valuation (¼ appraised value) has been as follows in the years named:

	Lands & Town Lots.	*Personal Property.*	*Railroads.*	*Express, Teleph. & Teleg. Cos.*	*Total.*

*The value of moneys and credits amounting to $250,218,178 are not included in the valuation figures for 1914, as they are now taxed as a separate item at a flat rate of 5 mills on the dollar of actual value. See following item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other property.

TAX RATE.—The State tax (per $1,000) for 1914 was $4.90; this included $2.90 general tax, 50 cents for educational purposes, 50 cents for Capitol ground extension, 50 cents special agricultural extension and 50 cents for State institutions under Board of Control.

DEBT LIMITATION.—Iowa's constitution restricts the creating of debt, both State debt and municipal debt. We have not the space here to give all the provisions relating to the State and municipal indebtedness, but they may be found in full by referring to the State and City Section for Nov. 1913, page 119. *First* as to the State debt, the limit is placed at $250,000 to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or defend the State in war. The State is also permitted to incur other debt if authorized by some law for some single specified work; but this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. *Second*, as to municipal indebtedness, the limit is fixed absolutely in the constitution. No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly, and no county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5% on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurrin of such indebtedness. The State Supreme Court has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900) fixing the limit of indebtedness of counties or other political or municipal corporations at only 1¼% of the actual value of property therein as returned by the last tax list.

In 1904 an Act passed the Legislature, approved March 30, which permits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less, population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 2½% of the actual value of taxable property. It is provided, however, that any excess above the 1¼% limit must be authorized by a vote of the people. See V. 78, p. 1408.

The 1913 Legislature passed an Act authorizing cities of the first-class to issue flood protection bonds up to 5% of the actual value of the taxable property as shown by the last preceding assessment roll. This Act shall be construed as granting additional power without limiting the power already existing in cities of the first class, including cities acting under the commission plan of government. See V. 96, p. 1241.

DECISION REGARDING DEBT LIMIT.—Judge Smith McPherson of the U. S. Circuit Court on Oct. 22 1909, in a caseinvolving the right of the City of Council Bluffs to issue bonds for a muncipal water system, sustained the city's contention that it could issue bonds up to 5% of the *actual* value of the property of the city and was not limited to 5% of the *taxable* value. Judge McPherson construed "taxable" to mean the actual value of property subject to taxation, and not the assessed value, which by the State code, is fixed at only 25% of the actual value. In taking this position Judge McPherson referred to the opinion of the State Supreme Court handed down in 1905, in the case of Halsey vs. City of Belle Plaine (128 Iowa 467), which, he says, puts at rest the question raised. V. 89, p. 1176.

OPINION REGARDING MUNICIPAL IMPROV'T BONDS.—The Department of Justice, in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the collection of taxes need not be considered in determining the constitutional limit of indebtedness as fixed by Section 74-v of the Supplement to the Code, 1907. V. 94, p. 365.

BONDS TAX FREE.—The 1909 Legislature passed an Act providing for the exemption from taxation of municipal, school and drainage bonds or certificates hereafter issued. It is expressly provided, however, that banks or trust companies holding such bonds or certificates shall not be permitted to make any deduction from the assessment of their shares by reason of that fact. V. 88, p. 1329.

INVESTMENT OF TRUST FUNDS is regulated by Section 364 of the Code of 1897, as amended by Laws of 1913, which is as follows:

Sec. 364.—*Investments—In What to be Made.*—Where investments of funds are to be made, including those to be made by executors, administrators, trustees and guardians, and no mode of investment is pointed out by statute, they may be made in the stocks or bonds of this State, or of those of the United States, or in bond or mortgage upon real property of the clear, unencumbered value of twice the investment, or under order of court in bonds issued by or under the direction of cities, towns, counties, school or drainage districts of this State.

ADDITIONAL STATEMENTS.

In the table below we give statistics regarding places in Iowa which have reported a bonded indebtedness of over $25,000 and which are not represented among the foregoing detailed reports. The figures of tax levy value given below represent ¼ of the appraised value by the assessors. These figures do not include valuation of moneys and credits which are assessed *separately* at their full value at 5 mills on the dollar. We add the population from the U. S. Census of 1910.

Admitted as a State (Act March 6 1820).....Aug. 10 1821
Total area of State (square miles).....69.415
State Capital .....Jefferson City
Governor (term expires Jan. 1917).....Elliott W. Major
Secretary of State (term expires Jan. 1917)..Cornelius Roach
Treasurer (term expires Jan. 1917).....Edwin P. Deal
Auditor (term expires Jan. 1917).....John P. Gordon

LEGISLATURE meets biennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed $5.00 per day for 120 days. A session of this kind was held in 1909.

The State of Missouri contains 114 counties *and* the City of St. Louis, the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c., on Jan. 1 1865 was $36,094,908. The indebtedness of the State at present is as follows:

INTEREST on the State Capitol refunding bonds is payable at State Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury.

TOTAL DEBT, ETC.—On Jan. 1915 the bonded debt of the State was $2,909,500. On Jan. 1 1915 the school and seminary fund certfs. amounted to $4,398,839. The total cash held in the treasury to the credit of all of the State funds on Jan. 1 1915 amounted to $4,942,011 73. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary (University) fund.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1912 to $191,230,106, or of machinery, tools, merchandise, &c., as taxed on "merchants and manufacturers' tax books," which amounted in 1912 to $123,809,466.

Years.	*Assessed Valuation.*	*Tax Rate per $1,000.*	*Years.*	*Assessed Valuation.*	*Tax Rate per $1,000.*
1914	$1,946,950,547	----	1904	$1,153,152,419	$1.70
1913	1,883,473,502	----	1902	1,046,469,144	2.50
1912	1,857,676,174	$1.90	1900	1,001,766,464	2.50
1910	1,761,664,366	1.70	1895	938,202,003	2.50
1908	1,377,360,692	1.70	1890	805,668,844	3.00
1907	1,286,747,781	1.70	1880	532,692,043	4.00

Of the tax rate per $1,000 for 1912 ($1 90) 20 cents was to pay interest on the school and seminary fund certificates 20 cents for the State Capitol bonds and 50 cents for the common schools and $1 for the support of the State Government. This latter includes the higher institutions of learning the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

DEBT LIMITATION.—Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation.

The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, *except* that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein"; and except, also, per the amendment of 1902 (Section 12a—see V. 75, p. 1165), *cities* of from 2,000 to 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional 5%, for the purchase or construction for water and light purposes; finally (4), that before r at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indebtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

POPULATION OF STATE.—

1910	3,293,335	1870	1,721,295	1830	140,455
1900	3,106,665	1860	1,182,012	1820	66,557

ST. LOUIS. James Y. Player, Comptroller.
St. Louis was formerly in St. Louis County, but on Aug. 22 1876 an election was held to separate city and county. This was declared carried Dec. 30 1876 and city is now a separate civil division subject to a dual government with a full set of county and city officers. The County of St. Louis remains, but the city lies outside of it. City was incorporated in 1822. A new city charter with provisions for the initiative, referendum and recall was adopted on June 30 1914. V. 99, p. 62. Bonds are taxable.

GOLD OR STERLING.—All bds. of this city payable in U. S. gold or in £ sterling.

INTEREST on bonds due 1922. 1928 and 1931, on 3½s due 1925 and 1929 is payable at National Bank of Commerce, N. Y., or at National Bank of Scotland (Ltd.), London, at the rate of $4.8665 per pound sterling. Interest on all other bonds is payable at National Bank of Commerce, N. Y., or at office of J. S. Morgan & Co., London, at the option of holder.

TOTAL DEBT, SINK. FUNDS, &c.—The subjoined statement shows St. Louis's total municipal debt and the water debt, &c.:

	Apr. 12 '15.	*Apr.* 13 '14.
	$	$
Tot. bond d't	24,388,000	22,438,000
Water dt., incl.	2,624,000	2,626,000

Note.—Under the charter the Municipal Assembly must appropriate $1,200,000 annually with which to pay debt and interest thereon. That portion of each annual appropriation not required for the payment of interest constitutes the sinking fund for redemption of debt existing Apr. 7 1890, and bonds issued in renewal thereof. On the basis of renewing the city's bonded debt at 4%, the debt for which this sinking fund was established will be extinguished in 1925. The sinking fund April 12 1915 was $2,431,041.39.

CONSTITUTIONAL AMENDMENTS.—By constitutional amendments adopted Nov. 1902, the city is empowered to levy an additional tax of 35 cents for municipal purposes; to make a new charter (which was done June 22 1903), and to exempt the county indebtedness of $5,211,000, and water-works indebtedness of $3,426,000, in determining the limit of indebtedness. V. 75, p. 1165.

CITY PROPERTY.—The city owns its water works (valued at $20,377,256), the revenue from which for water rates, permits, &c. for the fiscal year 1914-15 was $2,171,629.68, and cost of collecting water rates were $1,274,275.16. In addition to the water works, the city owns property valued at $27,125,143, consisting of hospitals, insane asylums and poor house, city hall, court house, jail, house of correction and work house, engine houses, markets, police stations, parks, &c.

ASSESSED VALUATION.—The city's assessed valuation, including real estate, personal property and railroad, bridge, telegraph, express and street railway property (abt. 65% act. val.) and tax rates have been:

Years.	*Assessed Valuation.*	*City tax per $1,000.*
1915-16	$624,577,260	15.70
1914-15	616,698,390	15.60

1908-09	524,302,020	14.50
1905-06	468,833,701	14.70
1900	380,765,993	13.00

Total tax rate (per $1,000) for 1914 was $23.50, including $1.80 State, and $6 school.

POPULATION.—In 1910 (Census), 687,029; in 1900 (Census), 575,238; in 1890, 451,770.

*The assessed valuation of personal property as given above includes the valuation of railroad and street railway property, express companies and telegraph and telephone companies. In 1914 these amounted to $47,726,708; in 1913, $47,069,187; in 1912, $44,829,471; in 1911, $43,269,841; in 1909, $41,846,385.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or failure in the revenue, or in case of extraordinary emergencies, contract debts, but such debts shall never in the aggregate exceed the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota at the time of the adoption of this constitution. Every such debt shall be authorized by law for certain purposes, to be definitely mentioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit named shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war, or to provide for public defense in case of threatened hostilities; but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed *five* (5) *per centum* upon the assessed value of the taxable property therein; provided, that any incorporated city may, by a *two-thirds vote*, *increase* such indebtedness *three* (3) *per centum* on such assessed value *beyond said five* (5) *per cent* limit. In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount of existing indebtedness, whether contracted prior or subsequent to the adoption of this constitution shall be included; provided, further, that any incorporated city may become indebted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, or for the purpose of constructing or purchasing water-works for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers, and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district, or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185. Neither the State nor any county, city, township, town, school district, or any other political subdivision, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor shall the State engage in any work of internal improvement unless authorized by a two-thirds vote of the people. *Provided*, (in accordance with an amendment adopted in 1914) that the State may appropriate money in the treasury or to be thereafter raised by taxation for the construction or improvement of public highways.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

TAXATION OF MUNICIPAL BONDS.—Under date of Dec. 11 1911, the Secretary of State advised us that "there is no specific exemption with relation to the matter of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities. These evidences of indebtedness are held as representing the amount in dollars and cents for which the same may be executed."

POPULATION OF STATE.—The population of North Dakota in 1910 (Census) was 577,056; in 1900, 319,146; in 1890, 190,983; in 1880, 36,909; in 1870, 14,181; in 1860, 4,837. The figures for 1860 and 1870 are for both North and South Dakota.

§ The State constitution requires that all property shall be assessed at full value, but until 1913 there was no real attempt to comply with this requirement. By virtue of the powers vested in the Tax Commission created ay an Act passed at the 1913 Legislature (Chapter 352), a vigorous effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40% of the actual value.

TAX RATE.—The tax rate (per $1,000) for 1914 was $1.00.

DEBT LIMITATION.—South Dakota has incorporated into its constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XII and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvement.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate $100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota limited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota.

Section 4 amended in 1896 and again in 1902, now reads as follows:

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision shall never exceed *five* (5) *per centum* upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred.

"In estimating the amount of the indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses, sewerage and other purposes; and

"Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred, for the purpose of constructing street railways, electric lights or other lighting plants:

"Provided, further, That no county, municipal corporation, civil township, district or subdivision shall be included within such district or subdivision without a majority vote in favor thereof, of the electors of the county, municipal corporation, civil township, district or other subdivision, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section provided, unless authorized by a vote in favor thereof by a majority of the electors of such county, municipal corporation, civil township, district or subdivision incurring the same."

SECTION 5. Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us, under date of Jan. 17 1912, that he did not know of any statute exempting from taxation bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. These figures were not reported for 1910. The number of Indians alone included in the population for 1910 was 20,303.

1910	583,888	1890	348,600	1870	*14,181
1900	401,570	1880	98,268	1860	*4,837

*This is the total for both North and South Dakota.

ADDITIONAL STATEMENTS.

We give below the bonded debt, amount borrowed from school fund warrants outstanding, cash in treasury, the equalized valuation and the population of all counties in South Dakota reporting a debt of $25,000 or over which are not included among the foregoing. The amount "borrowed from the school fund" in the following table represents money advanced to the different county auditors, who in turn loan it on real estate mortgages, municipal and school district bonds, &c. The various counties remain at all times responsible to the school fund for the amount so received.

ITS

DEBT, RESOURCES, &c.

Organized as a Territory (Act May 30 1854) May 30 1854
Admitted as a State (Act April 19 1864) March 1 1867
Total area of State (square miles) 77,510
State Capital Lincoln
Gov. (term exp. Th. aft. 1st Tu. Jan. '17) J. H. Moorehead
Sec. of State (till Thur. aft. 1st Tu. Jan. '17) Chas. W. Pool
Treasurer (till Thurs. after 1st Tu. Jan. '17) Geo. E. Hall
Auditor (term expires January 1917) Wm. H. Smith

LEGISLATURE meets biennially in odd years on the 1st Tuesday of January, and sessions "shall *not be less* than sixty days," but are not other, wise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1893, page 119.

This State has no *bonded* indebtedness at present. The bonded debt, which on Dec. 1 1892 amounted to $549,267, was gradually reduced until June 3 1900, when the last remaining $35,000 was paid off. The amount of the general fund on Oct. 1 1914 was $48,210.08.

STATE TREASURER FISCAL AGENCY FOR STATE MUNICIPALITIES, ETC.—Chapter 15, Laws of 1913, approved March 27 1913, provides that the State Treasurer shall be the State fiscal agent, and all bonds and coupons issued by the State or any county, township, precinct, city, village or school district shall be made payable at the State Treasurer's office. The Act repeals laws previously passed providing a State fiscal agency in N. Y. City, but makes provision for the continuance of the payment by this agency of the interest on and principal of any bonds *heretofore* issued and made payable at such agency. See V. 98, p. 249.

PERMANENT SCHOOL FUNDS.—The investments of the school funds on Dec. 1 1914 amounted to $9,606,582.83, held as follows: Permanent School fund, $8,744,296.29; University fund, $226,241.54; Agricultural College endowment fund, $556,795, and the Normal College endowment fund, $79,250.

The amount of cash on hand in these various funds on Oct. 1 1914 amounted to $9,791.42.

ASSESSED VALUATION.—The total assessed valuation and tax rate per $1,000 have been:

Years.	Total Assessed Valuation.	Tax Rate per $1,000.	Years.	Total Assessed Valuation.	Tax Rate per $1,000
1914	$471,933,972	$7.80	1905	$304,470,961	$7.00
1913	470,700,149	7.80	1904	294,779,244	6.00
1912	463,371,889	5.20	1900	171,747,593	7.25
1910	412,138,607	5.00	1890	184,770,304	6.24
1908	391,735,464	6.25	1880	90,499,618	4.00
1906	313,060,301	7.00	1870	53,709,828	6.50

The large increase in the valuation for 1904 and 1905 was the result of a new general revenue law passed by the 1903 Legislature—Chapter 73. Under this law property is assessed at 20% actual value, whereas in earlier years the proportion seems to have been much lower.

METHOD OF ASSESSING.—Section 10911 of the Compiled Statutes of 1907 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued at its actual value, which shall be entered opposite each item and shall be assessed at twenty per cent (20%) of such actual value. Such assessed value shall be entered in a separate column opposite each item, and shall be taken and considered as the taxable value of such property, and the value at which it shall be listed and upon which the levy shall be made. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

DEBT LIMITATION.—Section 1 of Article XIV. of the constitution of 1875 contains the following regarding public indebtedness:

STATE indebtedness is restricted to $100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

As to city and other municipal indebtedness, this is left to the Legislature, except that it is provided by Sec. 2 of Article XIV. that no city, county, town, precinct, municipality or other subdivision of the State shall evermake donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law; *provided*, that such donations of the county with the donations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county, *provided, further*, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent)5%), in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received by us from the office of the Secretary of State under date of Dec. 9 1911.

DEBT LIMITATION.—The Legislature at its 1909 session amended the law relating to the debt limitations of this city so that the provision now reads as follows:
Section 196. The bonded indebtedness of the city, exclusive of district grading bonds, district improvement bonds, public library bonds, renewal bonds, bonds issued for the purpose of funding or taking up and making payment of the floating indebtedness and liabilities of the city, or bonds for the erection or purchase of a city hall, auditorium or fire-engine houses, or the construction or purchase, or for the construction and

OMAHA (*Concluded*)—maintenance, of subways and conduits, or for park purposes, or for the purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants, shall not at any time exceed in the aggregate 5% of the actual value of the taxable property within the corporate limits of the city, such actual value to be determined by reference to the assessment of property in said city.

There are also other provisions and restrictions. The full text of the law as passed by the Legislature will be found in V. 88, p. 955.

VALUATION.—In Nebraska the law requires assessors to find the full value of property, but in making the tax levy to take only one-fifth (1-5) of such value and to fix the rate on that basis. In the following we show both the full appraised value and the valuation for tax levy:

* While this district includes all of the City of Omaha, it will be noticed that the valuations are considerably lower. This is due to the fact that railroad property is not assessed the same in the school district as it is in the city. The assessment for city purposes is made by valuing the railroad property within the city limits. The assessment for school purposes is made by taking the entire property of the railroad in the State, dividing that by the number of miles of main line the railroad has in the State, and multiplying this by the main line mileage within the school district.

OTOE COUNTY.

County seat is Nebraska City. Some years ago the precinct of Nebraska City was formed, and included the city of that name and adjoining lands. Bonds to the amount of $40,000 were issued and interest paid for some years. The County Commissioners then declared the precinct illegally organized and refused to levy a tax. Litigation resulted and the courts have ordered a tax sufficient to pay debt to be levied on territory covered by the precinct in 1886, the year the bonds were sold. See V. 72, p. 302. New bonds were issued in 1901. Pop'n 1910, 19,323.

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days' service in the aggregate.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of Apr. 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of $150,000. The Constitution of 1895 limited the debt-making power to $1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was $630,775, of which the State owned $28,650. In 1878 the total bonded debt was $1,181,975, of which the State owned $713,600. The bonded debt Aug. 1 1914 was $159,000, all held by the State Permanent School Fund. Permanent School Funds Aug. 1 1914 amounted to $9,589,310.92.

In 1913 the valuation of real estate amounted to $1,811,165,887, personal property $562,486,692 and public service corporations $436,148,855.

*The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Railroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors, County Commissioners and County Boards of Equalization, under penalty of forfeiture and removal from office as such assessors or boards, to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87 p 1189

DEBT LIMITATION.—Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed $1,000,000. This limit, however, has two exceptions. *First*, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. *Second*, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

Debts, annual tax; proceeds. For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed $1,000,000, ex-

cept as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal thereof, when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts. No debt shall be contracted by the State except as herein provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. The 1909 Legislature passed an Act limiting the creation of indebtedness in counties cities, school districts and by boards of education. The new Act covers various laws contained in the General Statutes of 1909 and those passed subsequently affecting municipal borrowing capacity. V. 88, p. 1329 That part of the new law relating to cities of the first class having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, *including* special improvement bonds, shall not exceed 10% of the assessed value. For limitations pertaining to other civil divisions, see V. 88, p. 1329.

BONDS TAX FREE.—By Section 15 of Chapter 408, Laws of 1907, all bonds or other evidences of indebtedness hereafter issued by this State, or any county, city or school district contained therein, are exempt from taxation.

MORTGAGE TAX LAW.—The 1915 Legislature passed a measure substituting a registration fee in lieu of taxation of mortgages. V. 100, p. 1371

POPULATION OF STATE.—

Sec. of State (term exp. 1st Mon. Jan. '17)—A. M. Alderson
Treas. (term expires 1st Mon. Jan. 1917)——W. C. Rae
Auditor (term expires 1st Mon. Jan. 1917)—Wm. Keating

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on May 1 1914 was $510,000. The refunding bonds included in this debt were put out in 1908 to take up educational bonds issued under the name of the State University, State Normal School Agricultural College and Deaf and Dumb School of the State of Montana, and which in 1906 were held invalid. The Capitol Building bonds given below are issued against a land grant; they amounted to $1,000,000 on May 1 1914, and then had a sinking fund for the payment of same of $245,271 69. The cash on hand in all funds on May 1 1914 amounted to $1,542,330 84. The permanent school fund on May 1 1914 held cash and securities amounting to $3,735,291 35 and other permanent funds on hand aggregated $1,504,892 91.

ASSESSED VALUATION.—For 1913 the total assessed valuation was $382,807,277, of which real estate was $202,900,029, personal $66,854,836, live stock $38,377,221 and railroads $74,675,181; in 1912 total assessed

valuation was $346,550,585; in 1911, $331,670,418; in 1910 it was $309,673,699. The State tax rate (per $1,000) in 1912 was $2.50. In 1911, 1910, 1909, 1908 and 1907 it was $2.50. Property is supposed to be assessed at full cash value.

DEBT LIMITATION.—The constitution of Montana was adopted by popular vote Oct. 1 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city. Counties are allowed to become indebted to an amount not exceeding five (5) per centum and cities, towns, townships and school districts to an amount not exceeding three (3) per centum of the value of taxable property; but in the latter case the Legislative Assembly may permit debt in excess of this limit for sewer or water purposes, provided the question is submitted to a vote of the tax payers. All the provisions in full and also those relating to the power of the State itself to create indebtedness may be found on page 135 of the "State and City Supplement" of April 1895.

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 22 1911 that there is no legislative enactment expressly exempting such securities from taxation.

POPULATION OF STATE—
1910.. 376,053 | 1900.. 243,329 | 1890.. 132,159 | 1880.. 39,159 | 1870.. 20,599

In 1890 there were 10,765 Indians and whites on Indian reservations, and in 1880 31,650 such persons, which number should be added to the total for those years in making accurate comparisons. In 1900 and 1910 these figures were not reported. The number of Indians alone included in the population for 1900 and 1910 was 10,076 and 10,766, respectively.

* The water-works bonds are a direct obligation of the city, but the interest and bonds are paid entirely from the operation of the plant, and no tax levy is made for this purpose. A one-half mill levy was made in 1912 for the betterment of the plant. The total amount of bonds issued was $400,000, but $14,000 have been redeemed.
INTEREST on water-works bonds and judgment-funding bonds at Harris, Forbes & Co., N. Y.; all others at Kountze Bros., N. Y.
A compromise was reached with the holders of $190,000 or $200,000 city warrants issued between 1893 and 1897 to accept 75% of face value without interest. See "State and City Supplement" for May 1911, and also V. 93, p. 423. Bonds were issued for this purpose and $26,600 canceled in 1912, 1914, $13,150 and up to Sept. 30 1914, $14,900 had been canceled.

Sec. of State (term ends 1st Mon. Jan. '19)-Frank L. Houx
Treasurer (term expires 1st Mon. Jan. '19)----H. B. Gates

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January and sessions are limited to 40 days.

DEBT HISTORY.—All the necessary data respecting the State's debt will be found in the following statement:

LOANS— Name and Purpose.	Interest— %	Payable.	Principal— When Due.	Outstand.
Insane Asylum Bonds-------c.	6	Jan. 1	{Jan. 1 1916-1921 $3,000 yearly. July 1 1919-1928 $9,000 yearly.}	$18,000
Public Building Bonds------c.	6	July 1		90,000

INTEREST on the public building bonds is payable at the Fourth National Bank, New York; on others at the State Treasurer's office.

TOTAL DEBT, ETC.—The total bonded debt on Sept. 30 1914 was $111,000. On Sept. 30 1914 the warrants outstanding amounted to $6,819.96, and on the same date the cash and securities on hand were $1,498,801.85. This latter amount is exclusive of trust funds.

ASSESSED VALUATION.—The following statement shows the assessed valuation of property in Wyoming for the years indicated. For explanation concerning increase in 1909, see remarks immediately below regarding the creation of a new tax authority.

Years.	Valuation.	Years.	Valuation.	Years.	Valuation.
1914	$203,740,037	1909	$186,157,274	1902	$43,348,356
1913	194,427,594	1908	67,580,051	1900	37,892,304
1912	182,028,280	1906	51,223,203	1895	29,838,939
1911	187,072,801	1905	48,826,940	1890	30,665,197
1910	188,578,367	1904	46,696,949	1880	11,857,344

TAX RATE.—The total State tax (per $1,000) in 1914 was $2.85.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909 Legislature passed an Act (Chapter 66, Laws of 1909) creating the office of Commissioner of Taxation. This official is appointed by the Governor with the advice and consent of the Senate. The new Commissioner is given power and authority to exercise general supervision over the administration of all assessment and tax laws, over all county, town and city tax assessors and boards of equalization, levy and assessment, to the end that taxation of all property, real, personal and mixed, shall be made relatively just and uniform, and at its true and full cash market value. Assessors of boards failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Heretofore property in the State is understood to have been assessed at 33 1-3% of its actual value. V. 88, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the constitution with respect to debt contraction and limitation are quite voluminous. They are all found in Article 16 of that instrument, and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, or any subdivision thereof, are limited to 2% on the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act exempting municipal bonds from taxation provided certain conditions are complied with. The Act follows:

CHAPTER 17, LAWS OF 1905.—*Be It Enacted, Etc.:* "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt'."

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortgages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortgaged property, whether real or personal, shall be taxed at its true value in money. V. 93, p. 1054.

POPULATION OF STATE.—

1910	145,965	1890	62,555	1870	9,118
1900	92,531	1880	20,789		

In 1870-1880 increase was 11,671, or 128%; in 1880-1890, 39,916, or 192.01%; in 1890-1900, 29,976, or 47.9%, and 1900-1910 it was 53,434, or 57.7%.

§ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature of 1913 passed prcatically a new revenue law (Chapter 58) which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property the actual cash value of which was $1,000 would be assessed for $1,000, but only $400 would be taken as a basis of making the levy. V. 97, p. 1149.

CONSTITUTIONAL AMENDMENTS.—An amendment to Section 1 of Article 8 was adopted by the voters in Nov. 1912 providing that the amount of debt which may be incurred by the State (except in case of war, &c.) shall not exceed $2,000,000. The limit was formerly placed at 1½% of the assessed valuation. Section 1 now reads as follows:

DEBT LIMITATION.—

Sec. 1. The Legislature shall not in any manner create any debt or debts, liability or liabilities which shall, singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Boise, Idaho, and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million dollars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votes cast for or against it at such election, and all moneys raised by the authority of such laws shall be applied only to specified objects therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county or city, and county, if one be published therein, throughout the State for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law, by the people, if no debts shall have been contracted in pursuance thereof, repeal the same.

No county, city, town of other subdivision shall incur indebtedness "exceeding in that year the income and revenue provided for it for such year" without the assent of two-thirds of the qualified electors voting at an election. The credit of the State or any sub-division shall not be loaned to any individual, association, municipality or corporation.

For a digest of the laws respecting debt limitation in Idaho, see "State and City Supplement" of April 1895, pages 138 and 139.

TAXATION OF MUNICIPAL BONDS.—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness.

POPULATION OF STATE.—

1910	325,594	1890	88,548	1870	14,999
1900	161,772	1880	32,610		

In 1870-80 increase was 17,611, or 117.41%; in 1880-90, 55,938, or 171.54%. In 1890-1900 the increase was 73,224, or 82.70%, a part of which is due to the fact that the 1900 aggregate embraced Indians and whites on Indian reservations not theretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons. No report was made in 1910 of the Indians and whites. In 1900-10 the increase in population was 163,822, or 101.3%. The number of Indians alone included in the 1910 population was 3,988.

LEGISLATURE meets biennially in odd years on the first Wednesday in January, and sessions are unlimited, according to a constitutional amendment adopted in Nov. 1910. V. 90, p. 1363.

HISTORY OF DEBT.—For early history of State debt see "State and City Supplement" of April 1895, p. 140. The present debt is as follows:

LOANS—		——Interest——		——Principal——
Name and Purpose—		*%*	*Payable*	*When Due.*	*Outstand'g.*
Insurrection, Leadville	1897	4	M-S	Jan. 1 1922	$188,000

Net debt	$3,307,112	$2,855,627	$2,890,545

*Estimated interest due on certificates of indebtedness and warrants.

The courts have declared constitutional the Act passed by the Legislature providing for a bond issue of $2,100,000 to refund warrants of 1887, 1888 and 1889, in accordance with an amendment to constitution adopted in Nov. 1910. V. 95, p. 1420.

DEBT AND TAX VALUATION.—The following shows the State's total assessed valuation, the State tax per $1,000, and the total State debt for the years named:

	Total Assessed Valuation.	*State Tax (per $1,000)*		*Total Assessed Valuation.*	*State Tax (per $1,000)*
1914	$1,311,210,345.00	1.39	1904	$342,170,703.00	$4.00

1906	356,244,547.35	4.00	1877	43,453,946.36	5.35

*Under the Revenue Law of 1901 property is required to be assessed at its true value. In 1913 this law was amended to provide for assessment at 'true and full cash value". This accounts for the large increase in values in 1901 and 1913, as property was assessed at a very much lower basis in earlier years.

In addition to the tax rate as above, there is a poll tax of $1.00 per capita. In 1880 and prior to that date this poll tax was 50 cents per capita.

[The State Supreme Court in an opinion handed down Jan. 12 1914 upholds the increase in assessed valuations for 1913 ordered by the Colorado Tax Commission and State Board of Equalization. See V. 98, p. 249.]

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article 11 of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the constitution concerning the debt *limitation* of the State was amended Nov. 8 1910 as follows (V. 92, p. 202):

SECTION 3. The State shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the State, suppress insurrection, defend the State, or, in time of war, assist in defending the United States and the amount of *the* debt contracted in any one year to provide for deficiencies of revenue shall not exceed one-fourth of a mill on each dollar of valuation of taxable property within the State, and the aggregate amount of such debt shall not at any time exceed three-fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred millions of dollars, and thereafter such debt shall not exceed one hundred thousand dollars, and the debt incurred in any one year for erection of public buildings shall not exceed one-half mill on each dollar of said valuation, and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt. Provided, That, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this State during and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897, said debt to be evidenced by registered coupon interest-bearing funding bonds to an amount not exceeding $2,115,000, or so much thereof as may be necessary to pay said warrants and interest thereon. For remainder of this section, as amended, see V. 89, p. 1363.

Counties are prohibited from contracting debt by loan in any form, except for public buildings, roads and bridges, and such indebtedness is not to exceed in any one year $1.50 on each $1,000 in counties where the assessed valuation exceeds $5,000,000, and $3 on each $1,000 in counties the assessed valuation of which is less than $5,000,000; the aggregate indebtedness of any county for all purposes (exclusive of debts contracted before the adoption of the constitution) may not exceed twice the amount of the above limit, unless the question incurring such indebtedness shall be submitted to the qualified tax-paying electors; "but the bonds, if any be issued therefor, shall not run less than ten years, and the aggregate amount of debt so contracted shall not at any time exceed twice the rate upon the valuation last herein mentioned." Originally counties with a valuation of less than $1,000,000 were not entitled to this privilege. The constitution also provides that, with the approval of the tax-paying electors, counties might issue bonds in liquidation of certain indebtedness existing prior to Dec. 31 1886.

School districts cannot incur debt without first submitting the proposition to the tax-payers; otherwise there is no limit given in the State constitution in their case. In April 1909 an Act was approved providing that the bonded indebtedness of any school district of the first or second class shall never in the aggregate exceed 5%, or of any school district of the third class 3½%, of the assessed value of the property in such district for the year next preceding the date of said bonds.

Districts containing a school population of 1,000 or more are of the first class, districts of less than 1,000 and more than 350 are second class, and districts having a population of 350 or less are of the third class.

In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less than 10 years. No debt can be created unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from the limit.

TAXATION OF MUNICIPAL BONDS.—The Legal Department of the State advised us under date of Jan. 22 1912 that there is no law specifically exempting from taxation bonds issued by the State or any of its municipalities, "in case the same are found in the hands of individuals as owners."

INVESTMENT IN BONDS OR STOCK OF PRIVATE CORPORATIONS PROHIBITED.—Section 36 of Article 5 of the Colorado constitution provides that "No Act of the General Assembly shall authorize the investment of trust funds by executors, administrators, guardians or other trustees in the bonds or stock of any private corporation."

IRRIGATION DISTRICTS IN DEFAULT ON BOND INTEREST.—A bondholders' protective committee has been formed in the matter of defaulted interest on bonds of the Denver-Greeley Valley Municipal Irrigation District, North Denver Municipal Irrigation District and Denver-St. Vrain Municipal Irrigation District. See item under "Denver Reservoir & Irrigation Co." in V. 100, p. 1675.

SAVINGS BANK INVESTMENTS.—The Legislature in March 1913 enacted a banking law (Chapter 44, Section 31), which prescribes the securities in which savings deposits may be invested. No amendments to this law were made at the 1915 Legislature.

DENVER.
Denver is situated in Denver Co. Incorp. Nov. 7 1861. All bonds are taxable. Under Rush Amendment to constitution (Chap. 46, Laws of 1901), adopted Nov. 1902, this city and various suburban towns have been united to form what is known as City and County of Denver. V. 76, p. 554. New Counties of Adams and South Arapahoe (the latter is now known as Arapahoe Co.) were formed out of portions of old county of Arapahoe not incl. in new city and co. of Denver. State Supreme Ct. on Feb. 27 1903 upheld constitutionality of Rush Amendment. On Mar. 29 1904 a new charter was adopted. See V.78, p. 1408. This charter was amended on Feb. 14 1913 so as to provide for a commission form of government. V. 96, p. 580. This amendment was upheld by State Supreme Court Nov. 3 1913. V. 97, p. 1522. Under decisions of the State Supreme Court handed down in Nov. 1904, Capitol Hill Sewer, Fourteenth St. Viaduct, Broadway Storm Sewer and Eighth Ave. Paving bonds are a charge upon property-owners, payable by assessments. V. 79, p. 2221.
Water-Works.—The value of plant of Denver Union Water Co. was fixed at $14,400,000. V. 88, p. 955. On May 17 1910 a proposition to grant a new franchise to the company was defeated, and on Sept. 6 1910 $8,000,000 bonds for a municipal plant were voted. V. 91, p. 665; V. 92, p. 1386; V. 96, p. 1569, 1784. These bonds were offered without success Apr. 2 1915. V. 100, p. 1280. The voters on Feb. 17 1914 rejected the plan formulated by the Retail Merchants Assn. of Denver for the purchase of the local plant at a valuation to be fixed by a board of arbitration. V. 98, p. 704.
The voting-machine certificates reported in the table of bonds given herewith are in litigation. The County Commissioners claim they were non-negotiable, &c. None of these certificates has been paid, and the only interest payment made was that falling due Feb. 1 1908.
The $3,000,000 Moffat Tunnel bonds voted Feb. 17 1914 were declared void by the State Supreme Court on July 8 1914. V. 99, p. 137.
On Jan. 12 1914 the State Supreme Court rendered a decision upholding the increase in 1913 of assessed valuations as ordered by the Colorado Tax Commission and State Board of Equalization. See item under *Colorado* in V. 98, p. 249.

All bonds are non-taxable.

DEBT LIMITATION.—See State and City Section for November 1913 for constitutional provision regulating the incurring of State and municipal debt.

INTEREST on the bonds of 1898 and 1900 at the U. S. Mtge. & Trust Co., N. Y. City, or the State Bank of Utah, Salt Lake City; and on the bonds of 1911 at the Hanover National Bank, N. Y. City, and at Deseret National Bank, Salt Lake City; and on the bonds of 1914 at the State Treasurer's office or in New York City.

BONDED DEBT May 1915 was $3,060,000. Sinking fund April 1 1915, $550,000.

TAX VALUATION.—In 1914 the total assessed valuation was $221,611,412; in 1913 it was $213,859,715; in 1912, $200,299,207; in 1910, $186,354,505; in 1908, $166,019,855; in 1906, $145,995,949; in 1904, $132,994,247; in 1900, $105,629,041. The State tax (per $1,000) in 1914 was $8.00.

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues ($260,000 road and bridge and $300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State.

TOTAL DEBT.—The total bonded debt Apr. 1 1915 was $2,605,500.

ASSESSED VALUATION.—The assessed valuation (about 1-3 cash value) for 1914 was $90,922,389; the tax rate for 1914 was $13.60.

STATEHOOD.—On Aug. 21 1911 the President signed the joint resolution passed by Congress admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V. 94, p. 148. The proclamation admitting New Mexico to Statehood was signed by the President on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX. of constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of $200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years.

No *school district* shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment. The section giving the limitations of indebtedness of *counties, cities, towns and villages* reads as follows:

SECTION 13. No county, city, town or village shall ever become indebted to an amount in the aggregate, including existing indebtedness, exceeding four per centum on the value of the taxable property within such county, city, town or village, as shown by the last preceding assessment for State or county taxes; and all bonds or obligations issued in excess of such amount shall be void; provided, that any city, town or village may contract debts in excess of such limitation for the construction or purchase of a system for supplying water, or of a sewer system, for such city, town or village.

All the provisions of this Article IX. in full will be found on page 141 of the "Chronicle" for Nov. 18 1911.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111.

POPULATION.—The population of New Mexico has been as follows in the years named. The total for 1900 includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 6,689 and in 1880 23,452. These figurrs were not reported for 1910. The number of Indians alone included in 1910 was 18,837.

SANTA FE COUNTY.

County seat is Santa Fe.

The present debt of the county is $479,000, of what are known as Refunding Bonds of the State of New Mexico, Series "B," Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe County is responsible for the interest, which is at 4½%, payable semi-ann. (M. & S.), and is also responsible for the principal, but in case of default upon the part of the county, the State would have to take care of them, having recourse back on the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unpaid coupons, and possibly a judgment or so. The amount of these latter is estimated at $21,000. Over $1,000,000 of the old debt represented by bonds issued in aid of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse on the county, the U. S. Congress having made a large land donation to the State for the ultimate payment of these bonds. The assessed valuation in 1913 was $3,110,797, and the total State and county tax per thousand in 1913 was about $70.

TOTAL DEBT, &C.—The total debt Sept. 30 1914 was $3,009,275.29; deduct amount of county and city funded indebtedness, $2,098,302.86; net State debt, $910,972.43. Cash in general fund April 1915, $48,192.03. In April 1915 there was in the sinking fund for the redemption of Territorial indebtedness, $130,418.45.

ASSESSED VALUATION.—The total assessed valuation in 1914 was *$407,000,000; in 1913 it was $375,862,415; in 1912, $140,338,191; in 1911, $98,032,709; in 1910, $86,126,226; in 1909 it was $82,684,062; in 1908, $80,687,542; in 1907, $77,372,156; in 1906, $62,227,634; in 1902, $39,083,177.

*[We are advised by the Secretary State Tax Commission that that body has ordered the assessors to assess all property at its "full cash value", which has always been the law, but has never been carried out prior to 1913.]

STATEHOOD.—The President on August 21 1911 signed the joint resolution passed by Congress admitting the Territories of Arizona and New Mexico into the Union. This resolution provided that the voters of Arizona must except judicial officers from the recall provision of their constitution before Statehood is granted. V. 93, p. 546. On Dec. 12 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for an amendment to the constitution *extending* the recall to all public officers of the State, either by appointment or election. This amendment was favorably voted at the general election Nov. 5 1912. The State was admitted by proclamation of the President on Feb. 14 1912.

DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 3, 5, 6, 7 and 8 of Article IX. and by Section 2 of this same article such debt, when evidenced by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 3. The Legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the State for each fiscal year. And for the purpose of paying the State debt, if there be any, the Legislature shall provide for levying an annual tax sufficient to pay the annual interest and the principal of such debt within 25 years from the final passage of the law creating the debt. No tax shall be levied except in pursuance of law, and every law imposing a tax shall state distinctly the object of the tax, to which object only it shall be applied. All taxes levied and collected for State purposes shall be paid into the State treasury in money only.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts the State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the payment of the debt thereby created. No money shall be paid out of the State Treasury, except in the manner provided by law.

Sec. 6. Incorporated cities, towns and villages may be vested by law with power to make local improvements by special assessments, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality. In Nov. 1912 an amendment to this section was adopted so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town without the assent of the voters for municipal water, light or sewer works is increased from 5% to 15% of the taxable value.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 340; V. 87, p. 111.

POPULATION.—Population of Arizona has been as follows in the years mentioned. The total for 1900 includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 28,623 and in 1880 18,706. No report was made of the Indians and whites in 1910. The number of Indians alone included in 1910 was 38,475.

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 prov·sion was made for the union of the Territory of Oklahoma and of Indian Territory; the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, p. 745 and 1289.

DEBT LIMITATION.—Article X. of the constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed $400,000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, for any purpose, to an amount exceeding, in any year the income and revenue provided for such year, without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount including existi ng indebtedness, in the aggregate exceeding 5% of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness; provided, that any county, city, town, township, school district or other political corporation or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 27.—*Public Utilities.*—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesaid, shall have the power to provide for, and, before or at the time of incurring such indebtedness, shall provide for, the collection of an annual tax in addition to the other taxes provided for by this constitution, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 28. Counties, townships, school districts, cities and towns shall levy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payment of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bonds or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney-General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that said bond or evidence of debt is issued pursuant olaw, and that said issue is within the debt limit.

SECTION 30. The Legislature shall require all money collected by taxation, or by fees, fines and public charges of every kind, to be accounted for by a system of accounting that shall be uniform for each class of accounts, State and local, which shall be prescribed and audited by authority of the State.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. 11 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111, and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney-General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

POPULATION.—Population of State 1910 (Census), 1,657,155; in 1907 (Census), 1,414,177. The population of the Territory in 1890 was 61,834; in 1900, 398,331.

INTEREST is payable at the office of the Treasurer in Sacramento and Bankers' Trust Co., New York City.

TOTAL DEBT.—The total bonded debt of the State Mar. 1 1915 was $25,379,500, including $4,000 civil bonds on which int. has ceased. The warrant debt on that date was $628,571 96. Cash in treasury on Mar. 1 1915 amounted to $17,378,558 61. The $2,000,000 sea-wall bonds issued for San Francisco are not included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners.

The bonds of 1873 ($2,277,500) matured in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Mar. 1 1915 held bonds aggregating $7,554,875 for the benefit of the State School Fund; this includes $1,526,500 of the funded debt bonds of 1873. The State Treasurer also holds $4,426,938 for the benefit of State funds other than the School Fund. This includes $751,000 of the funded debt bonds of 1873 held in trust for the University Fund referred to above.

‡Pursuant to Chap. 335, Laws of 1911, carrying into effect Sec. 14 of Art. 13 of the constitution as amended Nov. 8 1910 (see below) there is now no general tax, revenue being derived from the taxation of public service and other corporations, banks and insurance companies. The amount of tax placed upon these corporations by the State Board of Equalization for 1911 was $10,454,125.46; 1912, $10,922,405.72; 1913, $12,971,541.80, and 1914 $13,580,773.

CONSTITUTIONAL AMENDMENTS.—Pursuant to a constitutional amendment adopted Nov. 8 1910, the city of San Francisco voted and issued $5,000,000 bonds, the proceeds to be used by the Panama Pacific International Exposition Co. for an exposition to be held in San Francisco to celebrate the opening of the Panama Canal. Another amendment, approved on Nov. 8 1910, creates a State fund of $5,000,000 for the use, establishment, maintenance and support of the Panama Pacific International Exposition. Still another amendment adopted provides for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. On Oct. 10 1911 the voters adopted constitutional amendments granting equal suffrage to women, allowing the recall of public officials, even the judiciary, and reserving to the people the powers of initiative an referendum. See V. 93, p. 1337, for list of amendments adopted and defeated.

[At the Nov. 3 1914 general election a proposed amendment to Section 18 of Article XI of the constitution, authorizing Alameda County to issue $1,000,000 bonds for Exposition purposes in San Francisco, was favorably voted. V. 100, p. 490. The proposition was then submitted to the voters of the county on March 19 1915, but was defeated, failing of the necessary two-thirds vote. V. 100, p. 1186.

BOND PROPOSITIONS.—Propositions providing for the issuance of $18,000,000 highway, $1,500,000 San Diego sea-wall, $1,000,000 India Basin and $9,000,000 harbor-improvement 4% bonds for the city and county of San Francisco were adopted at the general election on Nov. 8 1910. V. 92, p. 202. This latter issue was declared valid by Superior Judge Seawell on Feb. 2 1914. V. 98, p. 538. On May 23 1912 Judge Seawell dismissed an order to show cause why an injunction should not be issued restraining the sale of the $1,000,000 4% India Basin bonds. V. 94, p. 1519. The offering of these bonds, which was to have taken place July 22 1912, was indefinitely postponed. V. 95, p. 312.

Various bond propositions were voted upon at the Nov. 1914 election, but only four carried. They were (1) initative measure providing for the issuance of $1,800,000 bonds for the completion of the University of California in Berkeley; (2) $3,000,000 bonds for State buildings in Sacramento; (3) $1,000,000 bonds for State buildings in San Francisco and (4) $10,000,000 San Francisco harbor bonds. V. 100, p. 67 and 490.

DEBT LIMITATION.—The limitations fixed in the constitution of California with reference to the creation of State debt, debts of counties, cities, towns, &c., are as follows:

ARTICLE 16. Section 1. *State Indebtedness.*—The Legislature shal not in any manner create any debt or debts, liability or liabilities, which shall, singly or in aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within seventy-five years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same.

ARTICLE 12. Section 13. *State Not to Loan Its Credit, &c.*—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 4. Section 31.—*Legislature Prohibited from Loaning Credit, &c., of State, City, County, &c.*—The Legislature shall have no power to give or to lend, or to authorize the giving or lending of, the credit of the State, or of any county, city and county, city, township or other political corporation or sub-division of the State now existing, or that may be hereafter established, in aid of or to any person, association or corporation, whether municipal or otherwise, or to pledge the credit thereof in any manner whatever for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift, or authorize the making of any gift, or any public money or thing of value to any individual, municipal or other corporation whatever; *provided*, that nothing in this section shall prevent the Legislature granting aid pursuant to *section twenty-two* of this Article; and it shall not have the power to authorize the State or any political sub-division thereof to subscribe for stock or to become a stockholder in any corporation whatever.

The exception provided in Section 22 of Article 4 (referred to in the last clause of the above) permits merely the granting of aid by the State and by cities, &c., to institutions for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances. By an amendment adopted Nov. 8 1910 further provision is made for creating a fund of $5,000,000 for the use, establishment, maintenance and support of the Panama Pacific International Exposition V. 92, p. 202. See constitutional amendments given in preceding column

ARTICLE 11. Section 18.—*Counties, Cities and Towns, &c., Debt Restrictions.*—No county, city, town, township, board of education or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for it for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed *forty years* from the time of contracting the same; *provided, however*, that the City and County of San Francisco may at any time pay the unpaid claims, with interest thereon at the rate of five per cent per annum, for materials furnished to and work done for said city and county during the forty-first, forty-second, forty-third, forty-fourth and fiftieth fiscal years, and for unpaid teachers' salaries for the fiftieth fiscal year, out of the income and revenue of any succeeding year or years, the amount to be paid in full of said claims not to exceed in the aggregate the sum of five hundred thousand dollars, and that no statute of limitations shall apply in any manner to these claims; *and provided further*, that the City of Vallejo, of Solano County, may pay its existing indebtedness incurred in the construction of its water-works, whenever two-thirds of the electors thereof voting at an election held for that purpose shall so decide, and that no statute of limitations shall apply in any manner. Any indebtedness or liability incurred contrary to this provision, with the exceptions hereinbefore recited, shall be void.

The City and County of San Francisco, the City of San Jose and the Town of Santa Clara may make provision for a sinking fund, to pay the principal of any indebtedness incurred, or to be hereafter incurred by it, to commence at a time after the incurring of such indebtedness of no more than a period of one-fourth of the time of maturity of such indebtedness, which shall not exceed seventy-five years from the time of contracting the same. Any indebtedness incurred contrary to any provision of this section shall be void.

COUNTY DEBT RESTRICTIONS.—By a State law passed March 24 1893, all counties are restricted to the issuance of bonds running not longer than *twenty* years.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city, town or municipal corporation.

This new law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State constitution was favorably voted upon. V. 74, p. 916; V. 75, p. 1366.

SECTION 1¼. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State shall be free and exempt from taxation. See editorial article in "State and City Supplement" of October 1902.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendments voted Nov. 8 1910 is one repealing Section 4 of Article 13 of the State constitution, changing Section 1 so that hereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This seciton, as it now reads, is given in V. 91, p. 974.

IRRIGATION BONDS AS SAVINGS BANK INVESTMENTS.—The Legislature in 1911 passed an Act (Chapter 157, Laws 1911) allowing investment by savings banks in bonds of irrigation districts. V. 93, p. 1131.

LOS ANGELES.
County seat of Los Angeles Co. Commission government rejected Dec. 3 1912. All bonds are exempt from taxation in California. City founded in 1781; incorporated in 1850. In Aug. 1909 voted to consolidate with the city of Wilmington (V. 89, p. 427) and with the city of San Pedro (V. 89, p. 488). Early in 1910 city of Hollywood was consolidated. V. 90, p. 391. In the same year and in the year 1912 additional territory was annexed, making present area of city 107.62 square miles.
The Superior Court on Aug. 31 1914 upheld validity of $6,500,000 power bonds voted May 8 1914. V. 99, p. 766. Up to March 1915 $117,000 had been sold.

SAN FRANCISCO.
San Francisco is in San Francisco County. Financial statement given below is for both city and county.

Question of purchasing certain properties of Spring Valley Water Co. for $34,500,000 was defeated Apr. 20 1915. V. 100, p. 1526.
The Board of Supervisors on Jan. 5 1914 passed an ordinance formally accepting the water supply and power rights in the Hetch-Hetchy Valley, granted in the bill passed by Congress in 1913. V. 97, p. 1838, and V. 98. p. 250.
The $5,000,000 5% exposition bonds given in table below are not figured in the 15% debt limit. These bonds were voted Nov. 15 1910. See V. 91, p. 1398. Also see remarks under State of California for constitutional amendments giving authority to issue these and other bonds.

LEGISLATURE meets biennially in odd years on the second Monday in January, and there is no limit to length of sessions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For the early history of Oregon's State debt see "State and City Supplement" of April 1893, page 146.

To-day Oregon has no bonded debt.

On Jan. 1 1915 the amounts held in the irreducible trust funds were as follows: School fund, $6,412,462.03; Agricultural College fund, $202,063.99, and University fund, $103,635.36. On the same date the cash on hand amounted to $1,411,145.49.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI., sections 5 to 10 inclusive, of the Constitution of 1857. We quote these sections in full.

SECTION 5.—*Restrictions upon Municipal Corporations.*—Acts of Legislative Assembly incorporating towns and cities shall restrict their power of taxation, borrowing money, contracting debts and loaning their credits.

SECTION 6.—*State not to be Stockholder in Company.*—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 7.—*Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.*—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection, or (according to an amendment of 1912) to build and maintain permanent roads; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities to build and maintain permanent roads which shall singly or in the aggregate, with previous debts or liabilities incurred for that purpose, exceed two per cent of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8.—*State not to Assume County Debt, Except in What Case.*—The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection or defend the State in war.

SECTION 9.—*Prohibition upon Municipal Corporations.*—No county, city, town or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association whatever or raise money for or loan its credit to, or in aid of, any such company, corporation or association.

SECTION 10.—*Limitation upon Powers of County to Contract Debts.*—No county shall create any debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion, or (according to constitutional amendment of 1910) to build and maintain permanent roads within the county; and debts for permanent roads shall be incurred only on approval of a majority of those voting on the question, and (according to an amendment adopted in 1912) shall not either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed two per cent of the assessed valuation of all the property in the county.

It will be seen from the above that the power to limit the indebtedness of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act. Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes:—

The common council (of cities and towns) shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum.

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants. See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed $100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we were advised Dec. 12 1911, by the Board of State Tax Commissioners, exempting from taxation bonds or other obligations of the State or its counties and municipalities.

POPULATION OF STATE.—The population of Oregon has been as follows in the years named:

1910	672,765	1890	313,767	1870	90,923	1850	13,294

While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

Treasurer (term ends Wed. aft. 2d Mon. Jan.'17)--Ed. Meath
Auditor (term ends Wed. aft. 2d Mon. Jan. '17) C.W. Clausen

LEGISLATURE meets biennially in odd years on the second Monday in January. Sessions are limited to sixty days.

TOTAL DEBT.—The State has no bonded debt against the general fund. There are outstanding, however, $206,024 Normal School Fund bonds and $75,000 Public Highway Fund bonds shown in detail below.

Normal School Fund Bonds.	*Public Highway Fund Bonds.
3s '09 J-D $206,024 June 10 1924 (Subject to call after June 10 1914.)	4s '11 F-A $75,000 Feb 1 1923 (Subject to call on any interest date, 10% ($12,500) annually.)

*If not paid by highway fund in 12 years from their date, these bonds will be paid out of general fund.

INTEREST is payable at the office of the State Treasurer in Olympia.

ASSESSED VALUATION.—The following statement shows the total assessed valuation of the State for the years indicated. Real estate is valued only every two years. The State tax rate (per $1,000) for 1914 is $8.07.

Years.	Assessment.	Years.	Assessment.	Years.	Assessment.
1914	$1,031,901,773	1908	$748,593,942	1890	$217,595,569

1910	906,247,944				

EXEMPTION FROM TAXATION.—Act of Legislature, approved Feb. 28 1907, exempted mortgages, credits, notes, municipal securities, &c., from all taxation as personal property. V. 84, p. 949. Act upheld by State Supreme Court in 1908. V. 87, p. 558.

DEBT LIMITATION.—The State may, to meet casual deficits or fall ures in revenues, or for expenses not provided for, contract debts; but such debts in the aggregate shall not at any time exceed $400,000. The State may also incur debts to repel invasion, suppress insurrection or to defend the State in time of war. Otherwise the State shall not contract any debt except the same shall be authorized by law, and provision must be made for the payment of the annual interest on the same and also for the payment of the principal within 20 years. All such propositions must first receive the approval of the voters.

As regards counties, cities, towns, school districts or other municipal corporations, no debt is to be incurred by them in an amount exceeding 1½ % of the taxable property without the assent of 3-5 of the voters therein, nor in cases requiring such assent shall the total indebtedness at any time exceed 5% of the taxable property. It is further provided that "any city or town," with the required assent of the voters, may be allowed to become indebted to a larger amount but not exceeding 5% additional for supplying such city or town with water, light and sewers, when the works for the same shall be owned and controlled by the municipality. The provisions in full will be found in Section 6 of Article 8 of the Constitution.

University Fund bonds March 15' 13	5	J-J	Mar. 15 1933	16,000

The Educational Funds own all the obligations above and hold in addition $1,110,000 Massachusetts State 3s and 3½% bonds; $175,000 State of Idaho 4s; $232,000 State of California highway 4s; $125,000 State of New Mexico 5s and $119,000 6% and $6,000 5% county bonds.

TOTAL DEBT, &c.—The total debt of the State on Dec. 31 1914 (exclusive of the irredeemable bonds for $380,000) was $300,000; floating debt (warrants), $95,423.53, and cash in treasury, $257,828.50.

ASSESSED VALUATION.—The following statement shows the assessed valuation of real and personal property in the State and the net proceeds of mines for the years indicated:

Years—	Real Estate.	Personal Property.	Net Proceeds of Mines.	Total Assessment.
1913	$98,530,558	$9,264,142	$4,415,733	$112,210,463

1865	---------18,698,276---------		3,286,672	21,984,948

The State tax rate (per $1,000) for 1914 was $6.60.

DEBT LIMITATION.—Nevada has in its constitution limited the *State* to $300,000 debt, except for the purpose of "defraying extraordinary expenses" arising from invasion, war, &c.; and in such cases the law must provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty years. Further, the State is forbidden ever to assume the debt of any county, city, &c., or to donate or loan its money or credit, or to subscribe to the stock of any company, &c.

Counties, towns, cities, &c., cannot become stockholders in any company, or loan their credit, &c. But other than that the constitution omits to put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to will be found in full in the State and City Section for Nov. 21 1914, page 168.

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebtedness of State, county or municipalities are not assessed in Nevada.

TAXATION OF MORTGAGES.—See V. 97, p. 540, for an Act passed by the 1913 Legislature making provision for the taxation of mortgages, deeds of trust, &c.

POPULATION OF STATE.—The 1900 figures include persons on Indian reservations not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880. The number of Indians alone included in the 1900 and 1910 total were 8,321 and 6,192, respectively.

* These officials are elected by the General Assembly and hold office for four years.

LEGISLATURE meets biennially in even years on the second Wednesday in January, and sessions are limited to 60 days, but may be extended for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

MUNICIPAL AND COUNTY INDEBTEDNESS.—A new Constitution went into effect in April 1902. One of its provisions fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate, unless the issue be authorized by a majority of the qualified voters. V. 74, p. 741. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

TAXATION OF MUNICIPAL BONDS.—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April, 1893, pages 151 and 152.

On April 1 1915 Virginia's debt stood as shown below:

Riddleberger Bonds, Act of 1882.		Century Bonds, Act of 1892.	
3s J-J	$5,593,954.16..July 1 1932 (Subject to call after 1900.)	3s J-J	$15,728,433.54..July 1 1991

The Literary Fund on April 1 1915 held $307,900 Century bonds and $1,579,927.28 of Riddlebergers; total, $1,887,827.28. These being held alive in the Fund, form part of the outstanding amounts in the table.

Of the $15,728,433.54 Century bonds, $4,332,000 are coupon, $11,394,700 registered and $1,733.54 fractional certificates; of the $5,593,954.16 Riddlebergers, $1,372,000 are coupon, $4,221,200 are registered and $754.16 are fractional certificates.

The interest on the Century bonds was 2% for the first 10 years (or until July 1 1901) and 3% thereafter. Both issues are exempt from taxation.

Total amount of outstanding bonds issued under Act of Feb. 20 1892:

To Bondholders' Committee		$16,359,860.00
Deposited with Commissioners of Sinking Fund		1,720,030.80
		$18,079,890.80
Canceled		2,351,457.26
Total outstanding, Act of Feb. 20 1892		$15,728,433.54
Total, Act of Feb. 14 1882		5,593,954.16
Total debt April 1 1915		$21,322,387.70
School and College debt (additional)—6s	$2,384,805.85	
School and College debt (additional)—5s	82,800.00	$2,467,605.85
Old unfunded bonds (additional)		453,793.42

Note.—The school and college debt here mentioned does not represent any obligations outstanding in the hands of the public. It consists entirely of amounts owing the educational institutions, and is evidenced by certificates of indebtedness issued under Chapter 344, Laws of 1892. These certificates are redeemable at pleasure of the State and are non-transferable.

The Virginia Legislature re-enacted the Funding Act of Feb. 20 1892, and under its provisions all old Virginia bonds were allowed to be brought in and funded into new Century bonds, upon the same terms as the Olcott settlement, provided they were presented for funding prior to Dec. 31 1896. By the Act of Jan. 25 1898, however, bondholders were given until July 1 1898 to come in and accept the terms, and the time has been regularly extended since then, the latest extension having been until December 31 1915, with power in Board of Sinking Fund Commissioners to extend one year more. Bonds funded under any amendment or extension to the Act of Feb. 20 1892 carry interest from the semi-annual period next preceding the date of funding.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is, $15,239,370 out of the total debt of $45,718,112. To represent, therefore, West Va.'s share of bonds funded, W. Va. "deferred certificates" were issued. West Virginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on March 6 1911 decided that West Virginia should assume liability for a debt of $7,182,507, not counting the interest, which was left for adjustment between the parties. V. 92, p. 674. In accordance with a resolution passed by the 1913 Legislature, the Governor of West Virginia on April 18 1913 appointed a commission of eleven to take up the debt question. V. 96, p. 1242. The commissioners being unable to agree, motion was filed in the U. S. Supreme Court by the State of Virginia on Sept. 30 1913 asking for a final decree. V. 97, p. 967. The Court, however, in June 1914 directed the former special master to take additional testimony in the case and report not later than Oct. 5 1914. An indefinite extension of this time was granted by the Court on Oct. 1 1914. V. 99, p. 995. The supplemental report of the special master was filed on Jan. 21 1915, but both States took exception to the same. The case is now being heard in the U. S. Supreme Court.

After about three-fourths of the old Virginia bonds had been surrendered, and W. Va. "deferred certifictaes" been given to represent W. Va.'s one-third, under the Acts of 1871 and 1879, these Acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the *principal* of the old bonds brought in for funding, but gave "non-interest-bearing certificates" to represent one-third the *interest* on old bonds. The following shows the amount of each refunding issue:

State of West Virginia.

ITS

DEBT, RESOURCES, &c.

Admitted as a State (Act Dec. 31 1862).....June 20 1863
Total area of State (square miles).....24,780
State Capital .....Charleston
Governor (term expires March 4 1917)..Dr. H. D. Hatfield
Secretary of State (term exp. March 4 1917)..Stuart F. Reed
Treasurer (term expires March 4 1917).....E. L. Long
Auditor (term expires March 4 1917).....J. S. Darst

LEGISLATURE meets biennially in odd years on the second Wednesday n January; sessions are limited to 45 days, but may be extended provided wo-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt one-third was set apart as the share belonging to West Virginia, but the latter refused to assume the same. In March 1911, however, the U. S. Supreme Court held the State liable for a principal debt of $7,182,507 and left the question of interest for adjustment between the parties. V. 92, p. 674.

The Governor on April 18 1913 appointed a commission of eleven members in accordance with an Act passed by the 1913 Legislature to take up the debt question with the Virginia Debt Commission. V. 96, p. 1242. A motion was filed by the State of Virginia on Sept. 30 1913 in the U. S. Supreme Court asking for a final decree in the settlement of this suit. the commissioners appointed having failed to agree. The former special master was directed by the Court in June 1914 to take additional testimony in the case and report not later than Oct. 5 1914. The Court on Oct. 1 1914 granted an indefinite extension of this time. On Jan. 21 1915 the special master filed his supplementary report, but both States took exception to the same. The case is now being heard in the U. S. Supreme Court.

The amounts in the vatious State funds and in banks on Oct. 1 1914 aggregated $1,115,475.65. In addition the State School Fund had invested $977.80). Total of all funds invested and in banks on Oct. 1 1914 was $2,093,275.65.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate personal property and railroad property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns for earlier years having been on a much lower basis.

TAX RATE.—The State tax rate (per $1,000) in 1914 for all purposes was $1.00.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State constitution of 1872; the sections pertaining thereto being as follows:

SECTION 4.—No debt shall be contracted by this State, except to meet casual deficits in the revenue; to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years.

SECTION 6.—The credit of the State shall not be granted to, or in aid of, any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation, or person, nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

SECTION 7.—County authorities shall never assess taxes in any one year the aggregate of which shall exceed ninety-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon created under the succeeding section, unless such assessment with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

[*Note.*—The legislature of 1904 passed a tax measure limiting county levies after 1905 to 60 cents per $100 of valuation.

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtendess, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years; *Provided* That no debt shall be contracted under this section unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same

[*Note.*—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 2½ per centum on the value of taxable property. This Act went into effect Jan. 1 1906. See V. 80, p. 1930.

TAXATION OF MUNICIPAL BONDS.—Bonds of municipalities are assessed as personal property against the person holding them, if he be a resident of the State. Bonds held by banks are not subject to tax. There is no provision regarding the taxation of State bonds.

DECISION IN BOUNDARY SUIT.—The U. S. Supreme Court on Feb. 21 1910 decided a suit started in 1890 over the boundary line between this State and Maryland. The Court's opinion substantially sustains the claims made by West Virginia. V. 90, p. 1930.

1910	1,221,119	1880	618,457	1850	302,313	1820	136,768
1900	958,800	1870	442,014	1840	224,537	1810	105,469
1890	762,794	1860	376,688	1830	176,924		

The proportion of the colored population was 4.19% in 1880, 4.39% in 1890 and 4.5% in 1900. In number blacks were 17,980 in 1870, 25,886 in 1880, 33,508 in 1890 and 43,499 in 1900.

INTEREST is payable in Frankfort.

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, $1,327,000; county bonds, issued Jan. 1 1885, $381,986; new school bonds, issued March 12 1892, $606,641 The $165,000 school bonds are also irredeemable; the interest is paid to the A. & M. College and the State normal school for colored persons. The sinking fund on hand in Oct. 1913 aggregated $10,306.57.

TAX RATE.—In 1912 the State tax rate (per $1,000) was $5.00.

TAXATION AMENDMENTS.—An amendment to the constitution was approved by the voters on Nov. 2 1909, permitting State aid to counties located therein for public roads and additional taxation by counties for the payment of same. V. 89, p. 1437. On Nov. 3 1913 an amendment to the constitution was adopted concerning taxation and exempting therefrom bonds of the State and its subdivisions. V. 97, p. 1676. The amendment, however, was declared void by the Court of Appeals Jan. 14 1914 on the ground that it was not advertised the number of days required by the State constitution. V. 98, p. 405. The amendment is to be again submitted in Nov. 1915.

DEBT LIMITATION.—The constitutional provisions relating to the creation of debt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections below:

Section 49. The General Assembly may contract debts to meet casual deficits or failures in the revenue; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed five hundred thousand dollars, and the moneys arising from loans creating such debts shall be applied only to the purpose or purposes for which they were obtained, or to repay such debts: *Provided*, The General Assembly may contract debts to repel invasion, suppress insurrection, or, if hostilities are threatened, provide for the public defense.

Section 50. No Act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section 49 unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulated, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it: *Provided*, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other municipalities are limited by Sections 157 and 158 of the constitution: Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year *unless* authorized by a two-thirds vote of those voting at an election held for the purpose. In Section 158 we find the following limits to the debt-making power of municipalities. Cities having over 15,000 population 10% of the taxable property, cities and towns of 3,000 or more inhabitants but less than 15,000, 5%; cities and towns of less than 3,000 population, 3%; counties, taxing districts and other municipalities, 2%. Some exceptions are made to these limits. For instance indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prior to the adoption of the constitution (Sept. 28 1891) or when necessary for the completion of a public improvement undertaken but not finished at the time of the adoption of the constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the constitution went into effect. In such instances permission is given to further increase debt in an amount not exceeding 2% in the case of cities and towns and not exceeding 1% in the case of counties, taxing districts or other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency the public health or safety should so require Nothing herein shall prevent the issue of renewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality."

INVESTMENT OF TRUST FUNDS.—Section 4168 of the Statutes of 1909 provides as follows:

SEC. 4168.—*Investment of Funds by Fiduciary.*—That it shall be lawful for persons or corporations holding funds in a fiduciary capacity for loan or investment to invest the same in real estate, mortgage notes or bonds, or in such other interest-bearing or dividend-paying securities as are regarded by prudent business men as safe investments, and to make loans with such securities as collateral; but such funds shall not be invested in the bonds or securities of any railroad or other corporation, unless such railroad, or other corporation, has been in operation more than ten years, and, during that time, has not defaulted in the payment of principal or interest on its bonded debt, or be invested in the bonds of a county, district, town or city that, within ten years, has defaulted in the payment of the interest or principal of its bonded debt; and a fiduciary shall account for all interest or profit received.

The State tax rate (per $1,000) for 1913 was $3 50.

DEBT LIMITATION.—*State.*—Under Section 31, Article 2, State Constitution, 1870, the credit of this State shall not be hereafter loaned or given to or in aid of any person, association, company, corporation or municipality; nor shall the State become the owner in whole or in part of any bank or a stockholder with others in any association, company, corporation or municipality.

Section 33, Article 2. No bonds of the State shall be issued to any railroad company which at the time of its application for the same shall be in default in paying the interest upon the State bonds previously loaned to it or that shall hereafter and before such application sell or absolutely dispose of any State bonds loaned to it for less than par.

Section 29, Article 2. *Counties, Cities and Towns.*—The General Assembly shall have power to authorize the several counties and incorporated towns in this State to impose taxes for county and corporation purposes, respectively, in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in regard to State taxation. But the credit of no county, city or town shall be given or loaned to or in aid of any person, company, association or corporation, except upon an election to be first held by the qualified voters of such county, city or town, and the assent of three-fourths (¾) of the voters cast at said election. Nor shall any county, city or town become a stockholder with others in any company, association or corporation except upon a like election, and the assent of a like majority.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue $250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that "under our constitution, it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, although occasionally, in providing for and issuing county or municipal bonds, it is provided that they shall not be subject to county or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State, but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property."

The State Supreme Court holds unconstitutional that provision of the refunding bond bill passed by the Legislature which exempts the bonds from taxation. This reverses the ruling of Chancellor Allison, who on Mar. 6 1913 decided that the State has power to exempt from taxation bonds issued by it. V. 96, p. 1038.

POPULATION.—The population of Tennessee has been as follows:

1910	2,184,789	1870	1,258,520	1830	681,904
1900	2,020,616	1860	1,109,801	1820	422,771
1890	1,767,518	1850	1,002,717	1810	261,727
1880	1,542,359	1840	829,210	1800	105,602
				1790	35,691

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900 and 21.7% in 1910. In number, blacks were 245,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900 and 473,088 in 1910.

KNOXVILLE.
Knoxville is county seat of Knox County. In 1897 Knoxville, North Knoxville and West Knoxville consolidated. Statement below is for consolidated city. Commission gov't adopted Aug. 26 1911. V. 93, p.607. City has purchased plant of Knoxville Water Co. City assumed $639,000 bonds of water company and in addition issued $611,000 4½% bonds in payment for plant. These issues are not included in bonded debt given below, but the $611,000 bonds are direct obligations of the city. For previous items concerning purchase of this plant, see "State & City Sup." for Nov. 27 1909. Of the bonds assumed, $150,000 6s were refunded in June 1912 by a like amt. of 4½s.

MEMPHIS.
Memphis is the county seat of Shelby County. A yellow fever epidemic in 1878 rendered city unable to meet its obligations, and in 1879 city charter was repealed and Taxing District of Shelby County was organized for purpose of securing a compromise with bondholders on such terms as city felt able to make. The courts, however, held that Taxing District was liable for entire debt of city, and a compromise at 50% was then arranged for under Act. of March 1883. This Act was amended in 1885. Old debt has been all retired and int. payments on new issues are promptly made. In 1891, by Act. of Legislature, district was again incorp. as city
City charter was amended by Legislature in 1907, but on June 22 1907 State Supreme Court declared same unconstitutional. See V. 84, p.1563. City now governed under commission form provided for in amended city charter passed by 1909 Legislature (V. 89, p. 1297), and which has been declared constitutional. V. 90, p. 387, and V. 91, p. 49. Bonds are free from local tax.
Artesian-water plant bonds mentioned below are part of an issue of $3,500,000. Of this, $1,250,000 was to provide for refunding water company's bonds which matured in 1909.

State of North Carolina.

DEBT, RESOURCES, ETC.

Admitted as a State.....One of Original Thirteen
Total area of State (square miles).....52,250
State Capital.....Raleigh
Governor (term expires Jan. 1917).....Locke Craig
Secretary of State (term expires Jan. 1917)....J. B. Grimes
Treasurer (term expires Jan. 1917) .....B. R. Lacy

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provided for the issuance of (1) consol. 4% bonds due in 1910 (now replaced by refund. bonds due in 1950) to fund old ante-war bonds at 40% of face value, "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consol. 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The 6s due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that has not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 is given in full in V. 98, p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904, North Carolina on April 1 1905 paid to the State of South Dakota $27,400, representing the judgment obtained by the latter State on $10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the $250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined. V. 86, p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, $11,366,000; bonds to Chatham RR., 1868, $1,030,000, and to Williamston & Tarboro RR., $150,000; penitentiary bonds of 1868, $44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April 1870.

The recognized debt which had been adjusted up to April, 1915 stood as follows. All bonds are exempt from taxes; see remarks below on taxation of bonds.

The State Supreme Court on Sept. 9 1909 declared valid the asylum bonds given above. V. 89, p. 677.

INTEREST on the consolidated 4s and 6s, South Dakota judgment and Schaefer bonds, the 1909, 1910, 1911 and 1913 bonds is payable in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at $1,266,600 and $240,500 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value: in 1903, however, the attempt was to assess at true value.

* This total includes $56,275,612 real and personal property of domestic corporations.

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—*State Indebtedness.*—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

Article 7, Section 7.—*Counties, Cities, Towns, &c.*—No county, city, town or other municipal corporation shall contract any debt, pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereof, unless by a vote of the majority of the qualified voters therein.

Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected for the payment of any debt, or the interest upon any debt, contracted directly or indirectly in aid or support of the rebellion.

Article 8, Section 4.—It shall be the duty of the Legislature to provide for the organization of cities, towns and incorporated villages, and to restrict their powers of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporations.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General, that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds and it is thought probable that, under the constitution, they cannot do so

INVESTMENT OF TRUST FUNDS.—SEC. 1792, Statutes of 1908.—*Funds Invested by Fiduciaries.*—Guardians, trustees and others acting in a fiduciary capacity, having surplus funds of their wards and *cestui que trustent* to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiduciary capacity, such bonds or other security of the United States, and such bonds of the State of North Carolina, shall be deemed cash to the amount actually paid for the same, including the premium, if any, paid for such bonds or other securities, and may be paid as such by the transfer thereof to the persons entitled.

POPULATION OF STATE.—

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 $1,800,000 of this scrip had been issued. V. 80, p. 725. The State debt on Jan. 1 1915 consisted of the following items:

Bonds Fundable into 4½s Redemption of Brown Consols.	
Various old bonds, principal fundable.	
6s $164,359c&r	

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to $37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by $14,500. The 1912 Legislature passed an Act providing for the issuance of 4% gold coupon bond and certificates of stock for the refunding of outstanding Brown consol. bonds and stocks. In V. 94, p. 718, this Act was given in full. The validity of the Act has been upheld by the State Supreme Court. V. 97, p. 902.

Thirty South Carolina 6% bonds of $1,000 each, issued in 1869, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

TOTAL DEBT.—The total valid bonded debt on Jan. 1 1915 was $5,675,851, not including bonds which matured a great many years ago but have never been paid. The assets of the sinking funds on Jan. 1 1915 amounted to $363,109; of this amount, $93,788 was ordinary sinking fund and $269,321 "cumulative" sinking fund; this latter fund is for the reduction and payment of South Carolina Brown 4½% bonds and stocks. During 1913 and 1914, $600,000 was used for retiring bonds.

STATE PROPERTY.—The State formerly owned valuable deposits of phosphates, but its revenue from the mining of them, after increasing from $196,698 in 1886 to $237,149 in 1890, fell to $4,362.12 in 1909. This was partly the result of a reduction in royalties from $1.05 per ton in 1886 to 25 cents per ton in 1900. Under date of April 3 1914 we were advised that the deposits were no longer being mined.

DEBT LIMITATION.—*State.*—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows;

Section 6 states that the credit of the State not be pledged or loaned for the benefit of any individual, company, association or corporation, &c. This section was amended in Nov. 1910 and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, through which, in whole or in part the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. Two-thirds vote necessary to authorize.

COUNTIES, CITIES, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund should be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. In 1910, however, an amendment was adopted to Section 5 whereby such bonds were exempted when issued by *any municipal corporation*.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein."

The following municipalities have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Aiken, Bishopville, Camden, Cheraw, Chester, Clinton, Darlington, Edgefield, Florence, St. Matthews, Sumter and Yorkville School District.

An amendment to Section 6 of Article X adopted in Nov. 1910 allows townships in Greenwood County and Saluda County to issue railroad aid bonds provided the amount of such bonds shall not exceed the 8% limit—see Sec. 6 above.

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Heretofore the only bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

BONDED DEBT.—The valid bonded debt of the State of Georgia Jan. 1 1915 was $6,344,000, of which $6,340,500 was interest-bearing and $3,500 was past-due and non-interest bearing. In addition to the above the State pays the University trustees 7 per cent interest annually on $90,202 of Land Scrip Fund not funded. Cash on hand Jan. 1 1915, $787,455.88.
[On March 15 1915 $3,463,000 bonds were sold to refund bonds maturing July 1 1915.]

ASSESSED VALUATION.—The State's assessed valuation (which is not over 50 p. c. of actual value) and tax rate have been as follows:

Years.	*Real Estate*	*Personal Property*	*Railroads, Etc.*	*Total.*	*Tax Per $1,000*

1870	----	226 119 519	----	226 119 519	--

STATE PROPERTY.—The State owns the Western & Atlantic RR., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 29 years from December 27 1890 to the Nashville Chattanooga & St. Louis RR. Company at a rental of $420,012 per annum. It also holds 186 shares of the Georgia RR. & Bkg. Co. and 440 shares of the Southern & Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENTS.—An amendment to the constitution was adopted Oct. 5 1904 limiting the State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to

supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars (amount raised by constitutional amendment in Oct. 1912 from $200,000 to $500,000) and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

COUNTIES, CITIES, &c.—The State constitution of 1877, Article VII, Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except fo a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof, at an election for that purpose, to be held as may be prescribed by law; but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation; except that the City Council of Augusta, from time to time, as necessary, for the purpose of protection against floods, may incur a bonded indebtedness upon its power-producing canal and municipal water-works, in addition to the debts hereinbefore in this paragraph allowed to be incurred, to an amount in the aggregate not exceeding fifty per centum of the combined value of such properties, the valuation of such properties to be fixed as may be prescribed by law, but said valuation not to exceed a figure five per cent on which shall represent the net revenue per annum produced by the two such properties together at the time of said valuation and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city, at an election or elections for that purpose to be held as may be now, or may be hereafter, prescribed by law for the incurring of new debts by said the City Council of Augusta."

Paragraph 2 of the same article and section is as follows: Paragraph 2 "County and city bonds, how paid. Any county municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any county thereof. V. 85, p. 676.

INVESTMENTS OF TRUST FUNDS.—The following sections of the Code of 1911 relate to this subject:

SEC. 3763.—*Investments.*—Any trustee holding trust funds may invest the same in stocks, bonds, or other securities issued by this State, making a true return of the price paid and time of purchase. Such investments shall be free from taxation so long as held for the trust estate. Any other investments of trust funds must be made under an order of the Superior Court, either in term or granted by the Judge in vacation, or else at the risk of the trustee

SEC. 3764.—*May Invest in State Securities at Less Than Seven Per Cent.*—Executors, administrators, guardians and trustees may invest trust funds in stocks, bonds and other securities issued by this State, bearing a lower rate of interest than seven per cent per annum, and shall, in the settlement of their accounts on the funds so invested, be chargeable with no greater interest than received from the State; Provided, that such executor, administrator, guardian or trustee shall, within thirty days after such investment, make a return to the Ordinary of the amount and character of the bonds purchased and the price paid.

SEC. 3765.—*Investments in Validated County or Municipal Bonds.*—Executors, administrators, guardians and trustees are authorized to invest trust funds in any county or municipal bonds of this State, which have been validated as required by law for the validation of county and municipal bonds, upon the same terms and conditions as they are now authorized to invest trust funds in State bonds and securities.

SEC. 4011.—*Investments by Administrators.*—When from any cause an administrator is compelled to hold the funds of the estate in his hands, he is authorized to invest the same in stocks, bonds or other securities issued by this State, or (by leave of the Ordinary) in bonds issued by the proper authorities of the cities of Savannah and Augusta. In such case he shall, within twelve months thereafter, make a legal return thereof, in which he shall set forth the price paid, the time of the purchase, and the name of the seller. If any executor or trustee has in his hands money as the separate estate of a married woman, absolutely or for life, he may, under the direction of the Superior Court, invest such funds in land.

POPULATION.—The population of Georgia has been as follows:

1910	2,609,121	1860	1,057,286	1820	340,985
1900	2,216,331	1850	906,185	1810	252,433
1890	1,837,353	1840	691,392	1800	162,686
1880	1,542,180	1830	516,823	1790	82,548
1870	1,184,109				

The proportion of the colored population was 47.02% in 1880, 46.8% in 1890, 46.7% in 1900 and 45.1% in 1910. In number, blacks were 384,613 in 1850; 465,698 in 1860; 545,142 in 1870; 725,133 in 1880, 858,815 in 1890, 1,034,813 in 1900 and 1,176,987 in 1910.

DEBT LIMITATION.—*State.*—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corporation or association, nor shall the State become a joint owner or stockholder in any company, association or corporation.

Cities and Towns.—Title X (First Division), Revised Statutes 1906, prohibits cities and towns from issuing bonds in excess of five per cent (5%) of the assessed value of real and personal property within their corporate limits. Before any such bonds are put out, the question of issuing the same, as well as the amount to be issued, must be approved by two-thirds (2-3) of the registered voters actually voting. Any city or town may issue bonds in excess of the five per cent (5%) limit for gas or electric plants, provided the additional amount does not exceed seven per cent (7%) of the total valuation of real and personal property. The maturity of such bonds shall not exceed thirty (30) years and the interest rate may not exceed seven (7) per cent. Authority for the issuance of the same must be granted by a majority of the votes cast at an annual or special election to be called for such a purpose. It is also required that the interest and a sinking fund for their payment at maturity shall be provided for.

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

TAXATION OF MUNICIPAL BONDS.—Under Chap. 5596, Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by persons residing in this State.

Treasurer (term exp. 1st Monday after 2nd Tuesday, Jan. 1919) ---- W. L. Lancaster

a This is date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and "State Government for that part of the Mississippi Territory lying west of "the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadrennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. The 1915 Legislature, after being in session twenty days, adjourned temporarily to reassemble July 13 1915.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was $185 400. By another Act also approved Feb 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series A," "B." and "C") with new securities.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28, 1901. The new instrument makes radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repel invasion or suppress insurrection. This prohibition, however does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies the latter, though, being limited to $300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

The sections relating to taxation of counties and municipalities are also given in Article XI., being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in *Sections* 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualified voters of the county, city, town, village or other political sub-division desiring to issue such securities. There are exceptions to this, however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the constitution in excess of 3½ per cent, either created or authorized by existing laws to be created. Such counties already indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

CITIES TOWNS etc., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works gas or electric light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are limited in their debt-making powers to 7 per cent of the assessed valuation. The following-described classes of indebtedness are not to be considered in figuring the debt limit: temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues; bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers: and obligations incurred and bonds issued for street or sidewalk improvements, where the cost of the same, in whole

or in part, is to be assessed against the property abutting said improvements; provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. Nothing contained in this Article is to prevent the funding or refunding of existing indebtedness. Nor is the Section to apply to the cities of SHEFFIELD and TUSCUMBIA.

Section 226 provides that no city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this Constitution, until such indebtedness shall be reduced within such limit; provided, however that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the Code of 1907 provide as follows:

SEC. 6076.—*Trustees May Invest in State or United States Securities.*—A trustee, having moneys to invest or lend, may invest them in the pruchase of the interest-bearing securities of the State, or of the United States; but for such investment his liability is governed by the general rules of the law.

SEC. 6077.—*Investment Without the State.*—If the *cestuis que trust*, or any of them, reside without the State, and the trustee has funds to lend or invest, the loan or investment whereof in the State of their residence is desirable, the trustee may there lend and invest them, under the authority of a decree of the Court of Chancery.

BONDS TAX-FREE.—By Section 13 of an Act approved Mch. 31 1911 entitled "To further provide for the revenues of the State of Alabama," the following securities are exempted from taxation: "All bonds of the United States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

POPULATION OF STATE.—

BIRMINGHAM.

Birmingham is in Jefferson County. Incorp. 1871. The new State constitution, which went into effect Nov. 28 1901, provides that this city may levy and collect a tax not to exceed ½ of 1% in addition to the tax of ½ of 1% (as provided in the 1889 amendment to the old constitution), *to be applied exclusively* to the payment of interest on bonds of this city *issued prior* to Nov. 28 1901 (or which at that time were authorized to be issued), and for a sinking fund to pay off said bonds at maturity.

Greater Birmingham Act declared constitutional by State Supreme Court in 1910 (V. 90, p. 249 and 644). In 1911 Legislature authorized a commission form of government for this city. V. 92, p. 1049.

Of the original issue of $2,500,000 funding bonds of 1881, $1,897,000 were refunded on April 1 1908 ($1,804,000 now outstanding, as given above), being all that had not previously been retired. Besides being a direct obligation of the city, the bonds are additionally secured by a first lien on wharf property, water-front rights and privileges of the city valued at $2,000,000. A tax of 3½ mills is being levied to provide for the payment of principal and interest on these bonds.

TOTAL DEBT.—Mississippi's indebtedness on Oct. 1 1913 (including $2,345,214.52 of debt for school funds, &c., on which interest alone has to be paid) was $3,852,113.52, and of this amount a large proportion was held by various State funds. Cash on hand and in depositories Oct. 1 1913, $325,855.06.

The constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds. For readjustment movement see V. 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 on $600,000 bonds sold in July 1910, on the ground that should the bondholders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. The 1911 Legislature appropriated $600,000 for the redemption of so much of the issue of 1910 presented to the State Auditor between Jan. 1 and Jan. 15 1912, and during that time $336,000 bonds were redeemed. The interest coupons maturing at that time were also paid. Those still holding the 1910 bonds were given an opportunity to exchange them for new bonds provided for by the Legislature in 1911 and $264,000 were exchanged in this manner.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows:

Years.	Real Estate.	Personal Property.	Railroads, Telegraphs, etc.	Total Assessed Valuation.	Tax per M.
1913 -----	----------	----------	----------	$432,319,608	----

MUNICIPAL BORROWING POWERS.—Chapter 147, Laws of 1914, approved March 12 1914, fixes the limit upon the debt which may be incurred by municipalities for the construction or purchase of public utilities, and for public improvement, purchase of land for municipal buildings, and for parks, cemeteries and the protection of the municipality from overflows, the control of streams, establishment of harbors, landing docks, wharves and the construction of certain municipal buildings and liquidation of debts of municipalities. Sections covering this subject are as follows:

Section 2. The amount of the bonds to be issued, including all outstanding bonds, shall not exceed in amount 7% of the assessed value of the taxable property of the municipality, unless in an election held for that purpose a two-thirds majority of the qualified electors voting shall have voted for the issuance of the bonds, but in no case shall the amount exceed 10% of the assessed value.

Section 3. The amount that may be issued by cities having 10,000 or more inhabitants for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water-works, gas, electric plants, and for the improvement, repair and extension thereof, may exceed 10%, but in no case to exceed 15% of the assessed value which shall be submitted to an election as above.

Section 4. The limit on the amount of bonds that may be issued shall not apply to bonds or other obligations issued for liquidation, or to raise funds to liquidate any indebtedness when this Act becomes operative, or to bonds the proceeds of which have been invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on these bonds.

Section 5. The municipalities operating under the commission government laws are authorized to issue bonds for the foregoing purposes by a majority vote, as provided in the commission government laws, and the requirement of a two-thirds majority shall not apply to such municipalities.

Section 7. That this Act shall in no way affect the validity of any bonds heretofore issued, or of any bonds which may have been heretofore authorized at an election held under existing law, whether the bonds so authorized have been issued or not, and shall not affect or repeal any private or local laws now in force and effect authorizing the issuance of bonds for any purpose.

It is also provided that whenever bonds shall be issued for the construction or purchase of water-works, gas or electric plants, they may be secured by the pledge of the revenue of such plants. This new law is given in full in V. 99, p. 1312.

Another Act passed by the 1914 Legislature authorizes cities of 20,000 or over operating under commission government laws to issue, outside the debt limit, not exceeding $500,000 bonds for street improvements. This Act is given in full in V. 99, p. 1312.

TAXATION OF MUNICIPAL AND DRAINAGE BONDS.—All bonds issued by this State are non-taxable under the law authorizing their issue ance. Municipal bonds are taxable.

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, Laws of 1908) and approved Feb. 20 1908 providing that "In addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

State of Louisiana.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Mch. 26 1804*a*)—Oct. 1 1804
Admitted as a State (Act Feb. 20 1811)—April 30 1812
Total area of State (square miles)—48,720
State Capital—Baton Rouge
Gov. (term exp. 3d Mon. May 1916)—Luther E. Hall
Sec. of State (term exp. 3d Mon. May 1916)—Wm. F. Millsaps
Treasurer (term exp. 3d Mon. May 1916)—Le Doux E. Smith
Aud. of Public Accts. (term exp. May 1916)—Paul Capdevielle

a Further provision for the Government of the Territory, then known as the Territory of Orleans, was made by the Act of March 2 1805, the duration of the Act of March 26 1804 having originaly been confined to the period of one year from Oct. 1 1804, "and to the end of the next session of Congress which may happen thereafter."

LEGISLATURE meets biennially in even years on the second Monday in May, and sessions are limited to 60 days.

HISTORY OF DEBT.—For early history of the State debt of Louisiana see "State and City" Supplement of April 1894, pages 171 and 172.

Debt on which the State is paying interest is as follows:

Refunding Bonds.	*Louisiana Port Commiss. Bds.
4½sg'14 F-A$10,991,500c Aug1'15-64 (State reserves right to call bonds at 104 and int. beg. with longest maturity.)	5s g'10 J-J $3,500,000c ---------- (Not less than $100,000 due yearly beginning July 1 1924.) 5s g'14 A-O $3,000,000cApr 1 '20-'54

* Issued for the purpose of constructing wharves, sheds, roadways and other improvements necessary for shipping facilities in the Port of New Orleans.

INTEREST on Port Commission bonds payable at State Treasury or at fiscal agency in New York City.

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt on April 1915:

Total bonded debt bearing interest (incl. Port Commission bds.)	$17,491,500
Floating Debt Oct. 1914—	
Baby bonds (3s) and certificates (Act of 1880), exclusive of coupons	910,728
Floating debt, warrant and interest account	344,040

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but $308,500 consols so issued ($303,500 being consols of 1874 and $5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also $421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to $3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, $875,000; 8% State bonds issued to said road, $2,500,000 8% bonds issued to the N. O. Mobile & Chattanooga RR., $70,000; 7.30% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., $260,000, &c.

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of $364,295 bonds have disposed of same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

ASSESSED VALUATION.—The assessed valuation is estimated at about 60% of the actual value. The State tax (per $1,000) for 1912 was $5.45:

Years.	Total Assessed Valuation.	Years.	Total Assessed Valuation.	Years.	Total Assessed Valuation.
1914	$587,353,313	1904	$351,018,941	1895	$249,621,419
1913	581,063,253	1903	336,118,348	1890	234,350,791
1912	550,517,808	1902	315,583,468	1885	212,725,564
1910	527,773,950	1901	301 215,222	1880	177,096,459
1908	523,800,478	1900	276,659,407	1870	253,371,89[illegible]
1906	459,273,821	1899	267,723,572	1860	435,787,26[illegible]
1905	396,821,157				

DEBT LIMITATIONS, STATE AND MUNICIPAL.—The Municipal debt limitations under the constitution adopted Nov. 22 1913 are contained in Article 281, which is similar to Article 281 of the constitution of 1898, discussed in the "State and City" Supplement for Oct. 1898. The limitation for municipalities is 10% upon the assessed value of the property of the municipal corporation, parish or drainage district. This does not apply to the City of New Orleans, as to which there are special provisions (Articles 309, 320 and 323). We have not space to set forth the numerous provisions of the constitution concerning municipal debt and taxation.

The Port of New Orleans bonds (referred to in Article 321 of the constitution) have all been placed and are given in the table of State debt. These bonds are considered to be obligations of the State. See "Chronicle," April 4 1914, page 1101.

At the general election on Nov. 3 1914 an amendment was adopted permitting the sale of drainage bonds at 90% of par. V. 99, p. 1545. At the same election $2,000,000 5% bonds were authorized to be issued by Orleans Parish and to be styled "Public School Bonds, City of New Orleans and Parish of Orleans" V 99, p. 1545

TAXATION OF MUNICIPAL BONDS.—There is no law, the Department of State advised us Jan. 2 1912, covering the taxation of notes or bonds of the State and its municipalities; hence they are considered non-taxable The courts have decided that the State as a sovereign has no right to tax its own bonds.

LEGAL INVESTMENTS FOR SAVINGS BANKS.—On Oct. 22 1913 the Attorney-General of New York State rendered an opinion holding that bonds of the State of Louisiana are legal investments for New York State savings banks. See item under *New York State* in V. 97, p. 1227 and 1444; also item under *Louisiana* in V. 97, p. 1367.

MUNICIPAL BONDS AS SECURITY FOR POSTAL SAVINGS BANKS.—Regulations eliminating special assessment bonds as security for deposits held not to apply to bonds supported by a general tax limited in amount. See item under *Shreveport, La.*, in V. 98, p. 1179.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the *exemption from taxation*, under prescribed conditions, *of loans made upon mortgages of real estate* and the notes evidencing such loans, and loans made by life insurance companies. V. 87, p. 1434.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26 1912 and April 22 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

NEW ORLEANS.
New Orleans is co-extensive with the parish of Orleans. It was incorporated July 1 1852. Commission form of government adopted Aug. 28 1912. V. 95, p. 634. An amendment to the Louisiana constitution authorizing the city to refund its debt at a lower rate of interest was adopted in 1892, and the city has issued 4% 50-yr. bonds to the amount of $10,000,000, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louisiana constitution, in effect May 12 1898, confirmed these arrangements.
On June 6 1899 the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 million bonds. As this required an amendment to the State constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and $12,000,000 of the bonds were awarded in Dec. 1900 (V. 71, p. 1283), to be issued from time to time as the improvement progressed. The whole amount is out. In March 1903 the validity of this Act was tested in the Civil District Court and affirmed. V. 76, p. 770. The case was taken to the State Supreme Court and the validity of the Act was again upheld. V. 76, p. 989. At the Nov. 1906 election two amendments to the State constitution in relation to the City of New Orleans were ratified by the voters; one of these authorized the city to issue $8,000,000 sewer bonds and the other $200,000 teachers' salary bonds V. 83, p. 1306, and V. 87, p. 1110. 1434 and 1556. $1,000,000 of the sewer bonds were sold on May 21 1909 (V. 88, p. 1388) and the remainder ($7,000,000) were sold on May 8 1911. V. 92, p. 1331. Of the teachers' salary bonds, only $198,000 were issued.

TOTAL DEBT.—

	Dec. 31 '14.	*July* 1 1914.
Tot. bd. dt.	$33,357,220	$33,461,200

In addition to the figures of total debt given above, there are outstanding $300,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer. Neither do the figures of bonded debt include the amount of accrued interest on premium bonds, which on Dec. 31 1914 was $4,142,010; July 15 1914 it was $4,292,340.
On Mar. 1 1915 the city had outstanding $5,107,895 "Public Improvement Certificates." These certificates are issued by autohrity of Act No. 56 of 1908 and bear interest at the rate of 5%. The City Council is limited to the issue of not exceeding $400,000 of these certificates payable out of the revenues of any one year. They are issued for various public improvements.
PREMIUM BONDS.—The premium bonds ($20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2,352 prizes, aggregating $100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value $420,000) were paid each year, in two installments of 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Jan. 31 and April 15 next preceding. The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.
The drawings to determine which bonds shall receive prizes (ranging from $20 to $5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.
At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Ory, who holds five of the bonds, which are for $20 each. See V. 94, p. 223.

LEGISLATURE meets biennially in odd years on the second Monday in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3% 30-year bonds, denominations $500 and $1,000, except $15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to $24 300, which have not been presented for refunding All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void.
The total amount of bonds outstanding Jan. 1 1915 was $1,250,500, of which $1,134,500 are held by the State's School Fund and $116,000 by the permanent endowment fund of the University of Arkansas.

TOTAL DEBT, ETC.—The bonded debt Jan. 1 1915 consisted only of refunding bonds (referred to above) as follows:

DEBT LIMITATION.—The provision of the constitution concerning State and municipal indebtedness are contained in Sec. 1 of Art 16. This section prohibits the creation of debt by either the State or its sub-divisions. It is proper to state, though, that there are numerous improvement districts, such as schools, levees, bridges, drainage, &c , which, under special Acts, have been allowed to borrow money or issue bonds for their completion. Bonds of this character, we are told, do not seem to come clearly under the prohibitory mandate of the constitution, and for that reason these districts are allowed to proceed in this manner.

[At the general election Sept. 14 1914, a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 1185.

TAXATION OF MUNICIPAL BONDS.—As indicated above, the State is not allowed to issue bonds. Other evidences of indebtedness are subject to taxation.

POPULATION.—The population has been as follows:

1910	1,574,449	1870	484,471	1830	30,388
1900	1,311,564	1860	435,450	1820	14,255
1890	1,128,179	1850	209,897	1810	1,062
1880	802,525	1840	97,574		

The proportion of the colored population was 28.1% in 1910, 28% in 1900, 27.59% in 1890 and 26.25% in 1880. In numbers, blacks were 442,891 in 1910, 366,856 in 1900, 311,227 in 1890, 210,666 in 1880, 122,169 in 1870, 111,259 in 1860, 47,708 in 1850.

Total bonded debt	$3,976,200	$3,976,200	$3,976,200

All the above bonds are held in State funds.

On Aug. 7 1913 the Attorney-General's office held that of the $2,000,000 penitentiary bonds, the sale of which was to have taken place June 2 1913, $1,500,000 intended to pay the debts of the prison system were constitutional, while $500,000 which it was proposed to expend for improvements were in violation of Section 9 of Article 3 of the constitution. V. 97, p. 463.

PERMANENT SCHOOL FUND.—This fund on Sept. 1 1914 contained $35,028 18 in cash, $14,901,863 78 city, county and school bonds, $1,603,317 State and railroad bonds, $47,067,427 58 land notes and $1,847,445, being the value of 1,847,445 acres of land owned by the fund and valued at $1 per acre. The details of the School Fund are given in full on page 1472 of the "Chronicle" for Nov. 14 1914.

$ This includes valuation of railroads, &c.

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which requires that property be assessed at its full value.

DEBT LIMITATION.—*State.*—Section 49, Article 3 of the State Constitution reads "No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed, in the aggregate at any one time, two hundred thousand dollars.

Section 50 of the same Article prohibits the Legislature from giving or lending, or authorizing the giving or lending of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other; or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation.

Counties, Cities, Towns, &c.—Section 52 of Article 3 of the State Constitution states that the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association, or company; provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State, and which may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds (2-3) majority of the resident property taxpayers voting thereon, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth (¼) of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize and in such manner as it may authorize the same for the following purposes: improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes, construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof; construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof. Sec. 4 of Article XI relates to cities and towns of 5,000 or less population and limits the annual tax which may be levied by such municipalities to defray the current expenses of local government for any one year to ¼ of 1%. Sec. 5 of Art. XI stipulates that in cities of over 5,000 inhabitants that no tax for any purposes in any one year must exceed two and one-half per centum of the taxable property, and provides that "no debt shall ever be created by any city or town unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and create a sinking fund for at least two per cent (2%) thereon. By Sec. 6, Art. XI, counties, cities and towns are authorized to levy taxes necessary to pay the interest and provide a sinking fund to satisfy any indebtedness heretofore legally made and undertaken; but all such taxes shall be assessed and collected separately from that levied, assessed and collected for current expenses of municipal government, and shall, when levied, specify in the act of levying, the purpose therefor. Sec. 7, Art. XI, provides that all counties and cities bordering on the coast of the Gulf of Mexico are hereby authorized, upon a vote of two-thirds (2-3) of the taxpayers therein, to levy such tax for construction of sea-walls breakwaters or sanitary purposes, and may create a debt for such works and issue bonds in evidence thereof. But no debt for any purpose shall ever be incurred in any manner by any city or county unless provision is made, at the time of creating the same, for levying and collecting a sufficient tax to pay the interest thereon and provide at least two per cent (2%) as a sinking fund. [At the Nov. 1914 election the voters defeated an amendment to Art. XI by which it was proposed to add Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as town-site to sell such portions of the land as are not reserved for public use by the county.]

School Districts.—Section 3 of Article VII of the constitution authorizes the Legislature to provide for the formation of school districts by general or special law and the same section provides that, with the approval of a majority of the qualified tax-paying voters, such districts may levy a tax of not to exceed 50 cents on the $100 valuation, this limitation, however, not to apply to incorporated cities or towns constituting separate and independent school districts.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out *prior* to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than $2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued"] to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. V. 97, p. 310.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts and drainage districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188, and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; and V. 97, p. 310.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See item under *Cameron County Irrigation District No.* 1, on page 1312, of the "Chronicle" for Oct. 31 1914.

INVESTMENTS FOR SAVINGS BANKS.—The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364

POPULATION.—The population of Texas has been as follows:

1910	3,896,542	1880	1,591,749	1860	604,215
1900	3,048,710	1870	818,579	1850	212,592
1890	2,235,523				

Of the total population in 1910, 690,020 were blacks, which compares with 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1910 being only 17.7% against 20.4% in 1900, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.

This is the capital of the State and the county seat of Travis County. Incorporated Dec. 27 1839.

The Austin dam, water-works, electric-light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrous floods that visited Texas in April 1900. V. 70, p. 755. An adjustment of this debt on the basis of new bonds bearing 3% for 5 years, 4% for the next ten years and 5% for the final 15 years was reached between the city and the bondholders' committee. For details see V. 73, p. 459. All these bonds have been refunded and interest is being regularly paid. On Dec. 29 1908 the city voted in favor of a new charter providing for a commission government.

Under the terms of an ordinance passed by the City Council and ratified by popular vote, an agreement was authorized between the City Water Power Co. and the City of Austin, dated Sept. 22 1911, under which the entire property of the water company will be owned by the city upon the completion of the required payment of $64,800 per annum for 25 years and $100,000 cash when the dam is re-built. The annual payment mentioned above is made one-half every six months directly to the trustee (New York Trust Co.), which pays the interest and redeems bonds therefrom. The payments by the city are derived from the gross income of the city's water, light and power department, and the city is required by the ordinance to maintain water, light and power rates sufficient and adequate to pay the installments as they mature. The gross earnings of the water company in 1914 were $324,940.24 and the operating expenses $118,324.07.

FORT WORTH.
This city is county seat of Tarrant Co. Incorp. 1873. The validity of some of the city bonds was the subject of litigation, but recent decisions of the Court of Civil Appeals confirms their legality. See V. 66, p. 775; V. 67, p. 1072, and V. 76, p. 223. The city failed to pay its interest due in September and November 1899 (see V. 60, p. 711), but in January 1900 paid all arrears. In December 1900 an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a resolution to aid in the process was passed by the City Council. See "Chronicle," V. 72, p. 100. The Legislature of 1901 authorized $1,883,000 4% 40-year bonds to take up the old issues and $754,000 were refunded; remainder of new issue was then canceled and all further efforts to refund stopped.

GALVESTON.
I. H. Kempner, Commissioner Finance and Revenue.
Galveston, the leading seaport of Texas, is the county seat of Galveston County, and was inc. in March 1839.
The County of Galveston has completed the work of constructing a seawall, costing about a million and a half dollars, and devised by a board of eminent engineers, to protect the city from invasion by the sea.
As a result of the great storm of September 1900, in which over 7,500 persons were lost and fully as many more left the city to seek employment elsewhere, the population was reduced from 37,000 to about 22,000. The 1910 Census shows that practically all of this had been restored.

The water debt (incl. in above) on May 10 1915 amounted to $550,000.
INT. on bonds of 1914 payable in New York City.
The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston, and known as grade-raising bonds, series "A", "B" and "C," aggregating $2,000,000. This donation, with only a nominal tax in the beginning, has been sufficient to pay the interest and retire $678,000 of the bonds up to Feb. 28 1913, reducing the amount outstanding to $1,322,000.
In addition to the sinking fund as given above, the city owns $622,200 wharf company stock. Also owns a water-works plant valued at $1,800,000, an electric-light plant, sewer plant, &c. Total value of its public property at present is $3,420,000.
Sinking fund receives yearly an amount equal to 2% of outstanding bonds.
The city holds in its special reserve fund, which can only be used in special or unlooked-for emergencies, the sum of $24,854. The city holds in what is called sewer-extension fund $5,800; revenue of present sewer system will pay, over and above operating expenses, int. on entire $300,000 bonds outstanding. Further work on sewers is being done as grade-raising is finished in different districts.
DEBT LIMITATION.—The city can issue bonds only with legislative authority and is forbidden to make loans for railroad aid.

PORTO RICO.

One of the island possessions of the United States ceded by Spain following the war of 1898. San Juan is the capital.

The borrowing capacity of the various municipal corporations in the Island of Porto Rico is now governed by Act No. 4 of the laws of 1913, which took effect immediately after its approval on Feb. 19 1913. The provisions of this Act will be found in V. 97, p. 541. Only $141,000 of municipal bonds are held outside of the Insular Government, which will probably continue to absorb all such issues and issue refunding bonds to cover.

Population in 1910 1,118,012

INT. on 1910, 1913 & 1914 bonds is payable at the U. S. Treasury; on all other bonds at office of J. & W. Seligman & Co. in New York City.

TAX FREE.—All bonds are exempt from insular and municipal taxes of the island, the Federal income tax of 1913, and, according to a recent decision of the U. S. Supreme Court (232 U. S., 516, 1914), they are apparently exempted from taxation by the States.

§ The assessed valuation at Dec. 1914 ($172,981,609) shows a decrease of $8,928,903 from the previous valuation of $181,910,512. This is due to the fact that a reduction of 30% was made in the assessed valuation of all personal property connected with the manufacture of sugar to meet the low price of sugar for that year.

*Of this tax of $12, $9.595 is turned over by the Government of Porto Rico to the municipalities and school boards for their support. The remainder, $2.405 is retained by the Insular Govt. and distributed as follows: $1 for general purposes, $1 to pay the principal and interest of loans of 1907 to 1910, and $.405 for the supervision of sanitation throughout the island.

Prin. and int. on the irrigation loans will be ultimately provided for by assessments levied upon property benefited by irrigation projects.
